Dave and Ridgway,

Below are links showing the recent news regarding findings of lead in the Flint water supply:

http://www.mlive.com/news/flint/index.ssf/2015/09/new_testing_shows_flint_water.html

http://www.mlive.com/news/flint/index.ssf/2015/09/flint_mayor_asks_governor_for_1.html

We wanted to let you know that in response to this, and the extremely brown-colored water we've been experiencing, we are making arrangements for buying more bottled water and will be asking Bob to shut off the water supply to the drinking fountains.

Thanks.

Hi Troy,

As an update to our call this afternoon, Keith has engaged Fishbeck, Thompson, Carr and Huber to complete the requested testing. They will be in Monday (we tried for tomorrow, but they needed to order a special kit). They understand the sensitivity of the testing, and will be discrete. We will also forward you the report on the testing that was done after the flooding.

We will keep you posted, and please let us know if there is anything you need from us in the meantime.

Kindest regards,
Terri

Sent: Thursday, January 14, 2016 5:22 PM
To: Brancheau, Laura (DTMB)
Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

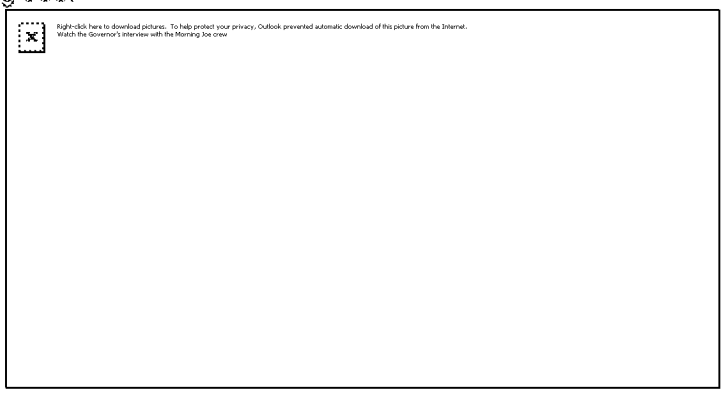
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

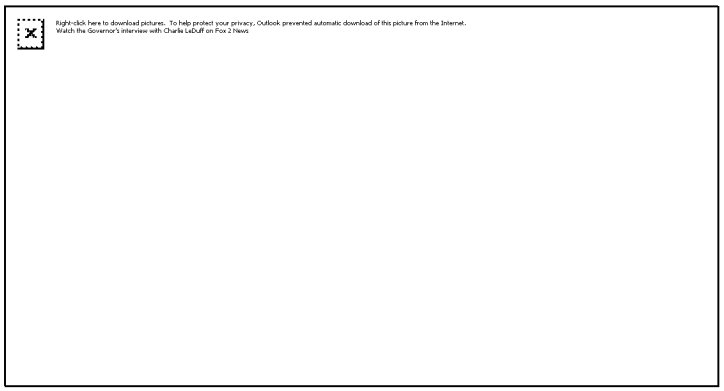
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm

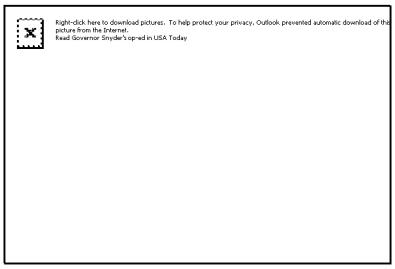
came from people who worked for me, and I feel responsible for that. But I am committed to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.



Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.

Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

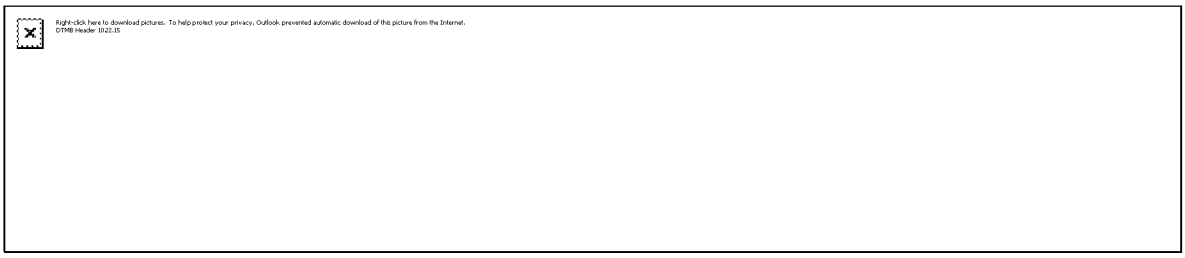
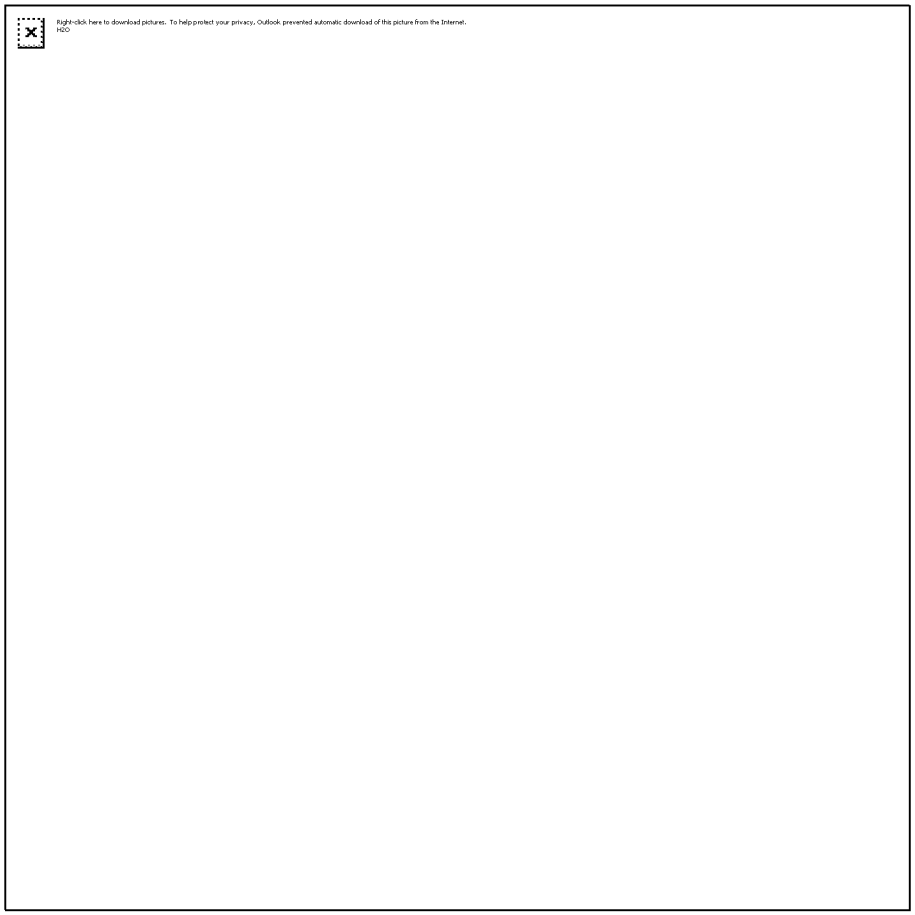
Subject: Contributing time, muscle and money



During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

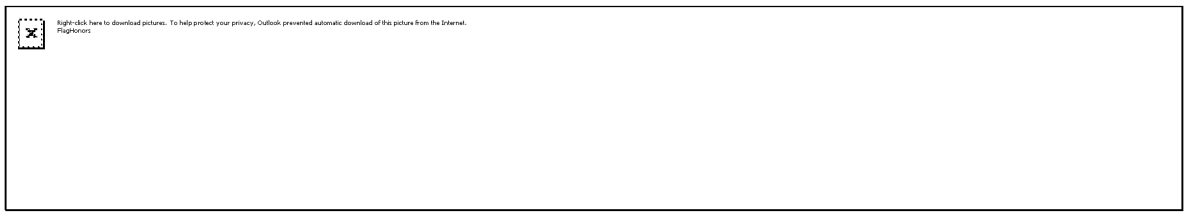
Subject: Thank you for your service



THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

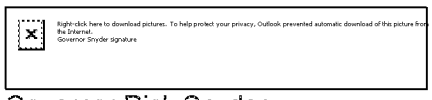
I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,



Governor Rick Snyder

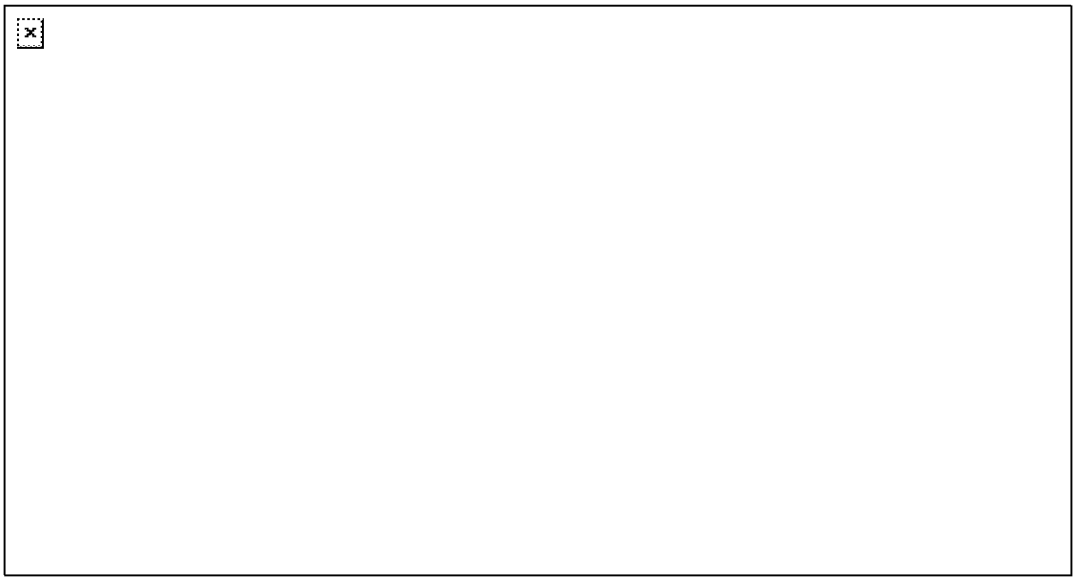
VIDEO: What Governor Snyder's FY17 budget means for Michigan



Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.

Click a tweet to tweet it out:

The #MIBudget @OneToughNerd proposed yesterday makes key investments to strengthen Michigan for all families --> www.mi.gov/MIBudget

--> @OneToughNerd's #MIBudget includes $72 million a year for Detroit Public Schools. It is time to act now -- > www.mi.gov/MIBudget

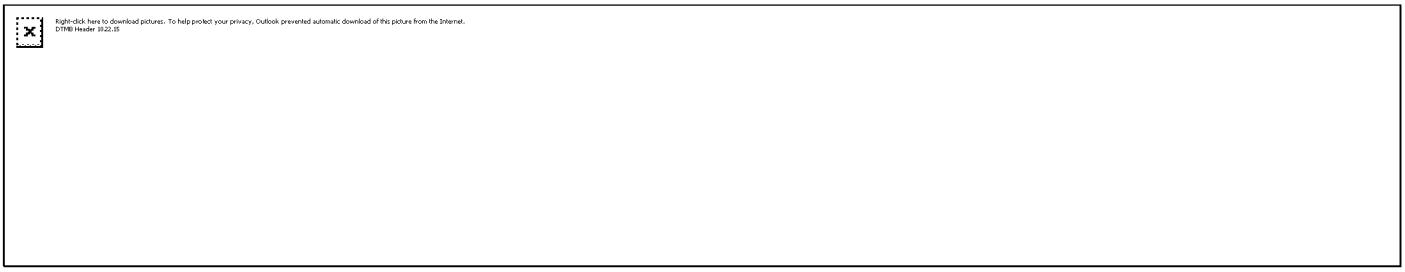
From: DTMB Director and CIO David Behen <dtmb@govsubscriptions.michigan.gov>
Sent: Wednesday, February 17, 2016 10:10 AM
To: Brancheau, Laura (DTMB)
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for

14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.

- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

Media Specification: Paper Copies or Email attachment less than 20 MB, CD-ROM or DVD, unless certain records are not available in computer format, in which case response by fax or in-person viewing is preferred
Records requested: The records and documents I am requesting are all those relating to:

Copies of the documents, including but not limited to emails already requested by and provided to Progress Michigan or those associated with the organization related to any and all discussion of Flint s water supply, including but not limited to contaminant such as lead and copper in the water as well as any and all discussion of Legionnaire s disease in Genesee County, Mich.
For the purposes of this request, the term "you" or "your" refers to public body generating or maintaining the public records requested in this request, and to which this request is directed, whether that be an agency, municipality, office, county, or any other entity subject to disclosure under this act; the term "records" refers to all documents, regardless of physical form (including without limitation papers, reports, notes of telephone conversations, telephone call messages, studies, proposals, indices, letters, messages, faxes, minutes, logs, journal entries, calendars, and computer-based or computer-generated materials including e-mail, or any other documentation of any kind of any and all kind) of or belonging to any department, agency, service area, board or other subdivision of the public body. "Records" shall include drafts of records to the extent permitted by law; The term "email" includes any electronic message and any attachment to any such message, and specifically includes emails sent or received by an officer, agent, or employee using an email address other than that person's official government issued email address if sent or received while on duty, using a government computer, in a government building, sent or received using a government contact list, or other using any other government resource.
Michigan law requires you to respond to this request not more than five (5) days from your receipt of this request, but you are asked to expedite this request if possible. If this request is sent by fax or email, the time to comply begins the day after the faxed request is sent to you. If your agency does not maintain these public records, please let my designated auditor know who does, and include the proper custodian's name and address. If this fax request does not go directly to the office of the FOIA coordinator, you must deliver it there immediately. If you deny any part of this request, please indicate the name and position of the person too who an appeal should be directed prior to instituting suit, so that needless litigation in which costs, damages, and attorney fee may be taxed against you might be avoided.

Take notice of the penalties and consequences for failure to comply with this request: Willful violation of FOIA by refusing to disclose or delaying in disclosing or providing copies of a public record, may result in the court awarding in addition to any actual or compensatory damages, award punitive damages in the amount of $500 to the person seeking the right to inspect or receive a copy of a public record. Reasonable attorneys' fees, costs, and disbursements" will be awarded to any person who prevails in an action to compel disclosure under MCLA § 15.240. If the requesting person only prevails in part, "the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements.

Because of the civic educational purpose of this request, I request a fee waiver and ask that you determine that a waiver or reduction of the fee is in the public interest because furnishing copies of the public record can be considered as primarily benefiting the general public." MCLA § 15.234(l)

I agree to pay any reasonable search, copying, and postage fees of not more than $2.00. If the cost would be greater than this amount, Please immediately contact me by telephone or email if you anticipate that the costs will exceed this amount, so as not to cause delay in the prompt disclosure of the records requested. I may appear in person to inspect the documents on scan them using my portable equipment. Please provide a receipt indicating the charges for each document. The Michigan FOIA law provides that, A fee shall not be charged for the cost of search, examination, review, and the deletion and separation of exempt from nonexempt information as provided in section 14 unless failure to charge a fee would result in unreasonably high costs to the public body because of the nature of the request in the particular instance, and the public body specifically identifies the nature of these unreasonably high costs. MCLA § 15.234(3).

If the documents I have requested are not subject to disclosure in their entirety, I request that you release all nonexempt portions of the documents that may be segregated and all parts of the documents that can be rendered disclosable by redaction without fee. If you determine that any of the requested documents fall within a statutory exemption, I request that you exercise your discretion to disclose those materials because of the overriding public concern about the improper use of government email systems and resources to further political agendas. As to any portion of the documents that you withhold, please state with specificity the legal and factual basis for withholding such portion. To the extent that you are unable to produce copies of or otherwise make available all records requested within the time frame provided, please notify my auditor in writing and provide me with those records that are available within the prescribed time frame and the remainder of the records on a "rolling" basis as they become available for production.

I appreciate your anticipated prompt cooperation and will expect your response within 5 days, as required by the act. If you need further explanation of the details or the nature or scope of this request, please feel free to call me or my designated auditor or attorney specified above using the contact information provided.

Subject: RE: Cell Phones - Sprint

No problem Heather. And, no memo is required at this time. I'll concentrate primarily on any value lost to the State by piggybacking on the WSCA terms and conditions rather than enforcing our own while keeping an eye out for any required but absent T&C clauses.

Is there an immediate deadline for this review? I am currently involved in defending the Governor, Treasurer and City of Flint Emergency Manager in a suit filed by a Flint area union – so that's taking up a good chunk of my time at the moment.

Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

Schuette to Investigate Flint Water Crisis

Investigation will determine if any Michigan laws were violated

LANSING – Michigan Attorney General Bill Schuette announced today that he will investigate the water crisis currently affecting the City of Flint. The purpose of the investigation is to determine what, if any, Michigan laws were violated in the process that resulted in the contamination crisis currently forcing Flint residents to rely on bottled water for drinking, cooking and bathing as they fear for their health.

"As attorney general, I will investigate this situation to determine if any Michigan laws have been broken," said Schuette. "Without fear or favor, I will carry out my responsibility to enforce the laws meant to protect Michigan families, and represent the citizens of Flint.

"The situation in Flint is a human tragedy in which families are struggling with even the most basic parts of daily life. While everyone acknowledges that mistakes were made, my duty as attorney general requires that I conduct this investigation.

"As a husband and father I greatly empathize with the fears of Flint parents and family members, who are rightly concerned for their health. In 21st century America, no one should have to fear something as basic as turning on the kitchen faucet. I look forward to

working with federal, state and local officials, community leaders and Flint residents as we seek answers regarding state law and hope through the process we can help restore some of the trust in our government while helping families move forward," concluded Schuette.

Schuette said that the process for moving forward with the investigation will begin immediately. While office policy generally precludes the confirmation of investigations, in this situation Schuette said that the people of Flint and throughout Michigan are rightly concerned and worried about this situation.

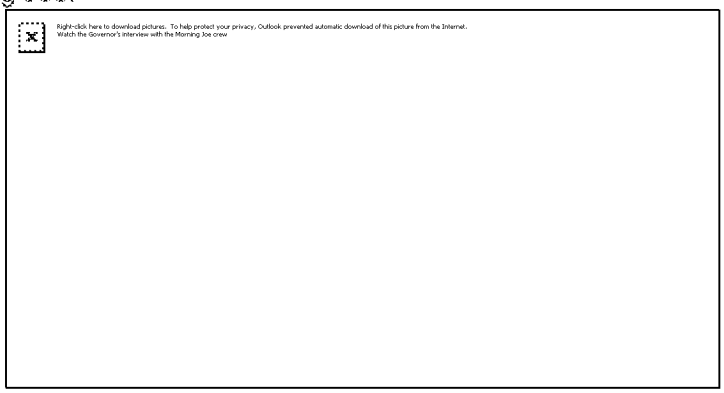
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

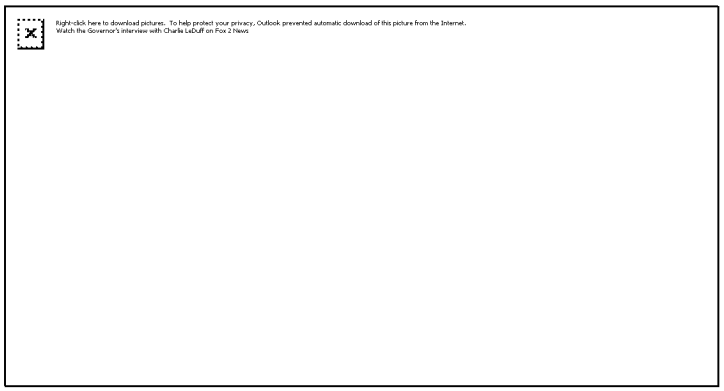
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm

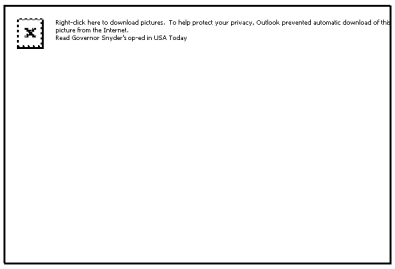
came from people who worked for me, and I feel responsible for that. But I am committed to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.



Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.

Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

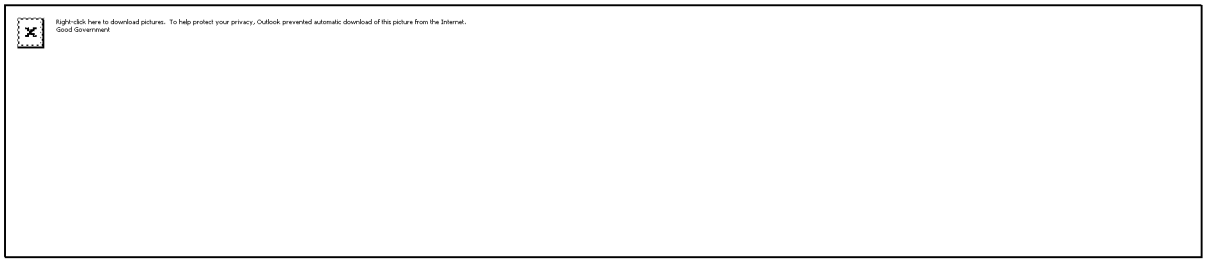
Subject: Flint Volunteer Efforts



Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

FOR IMMEDIATE RELEASE
January 25, 2016

Schuette Adds Special Counsel & Ex-FBI Chief to Flint Water Probe

Former prosecutor Todd Flood and retired FBI chief Andrew Arena to join Schuette as investigation continues forward

LANSING – Michigan Attorney General Bill Schuette today announced he has named former prosecutor Todd Flood as Special Counsel in his probe of the Flint water crisis and that retired Detroit FBI chief Andrew Arena will also join the investigation into whether any Michigan laws were violated in the process that created a major public health crisis for Flint residents.

Special Counsel Flood will spearhead Schuette's investigation and be joined by Arena. Both will report to Schuette.

Because the Department of Attorney General has a dual responsibility to represent the people of Michigan and defend the State of Michigan when sued, Schuette is following the decades-long practice of Michigan attorneys general by establishing an ethics-based conflict wall between him and his investigation team, and the team defending the governor and state departments against Flint water-related law suits.

"We will do our job thoroughly and let the chips fall where they may," said Schuette. "I have every confidence in Todd Flood, Andrew Arena and our team to work with me on this independent investigation. This investigation is about beginning the road back, to rebuild, regain

and restore trust in government."

"This independent investigation will be exhaustive and thorough. Without fear or favor, I will carry out my responsibility to enforce the laws and protect the families and citizens of Flint."

Flood is a former assistant prosecutor who served Michigan residents for a decade in the Wayne County Prosecutor's Office, the state's largest county and home to the City of Detroit. As a prosecutor, Flood worked in the homicide, drug house and trial units. He is now a private practice attorney based in southeastern Michigan who specializes in both civil and criminal litigation.

"Attorney General Bill Schuette is doing the right thing by conducting an investigation into this crisis of public health and public trust in their government," said Flood. "It is a privilege to have this opportunity to serve and to provide Michigan residents with an impartial answer to the question of whether any state laws were broken."

Arena was the Special Agent in Charge of the Federal Bureau of Investigation's Detroit Field Office from 2007 - 2012. Arena served the FBI in several capacities in a law enforcement career spanning more than two decades. He has led the Detroit Crime Commission, a non-profit organization aimed at reducing criminal activity, since 2012.

"I am honored to return to public service on a case so important to the public trust," said Arena. "We will enter the investigation with open eyes and follow the facts, whatever the outcome, and Flint families and Michigan families will receive a full and independent report of our investigation."

Lawsuits filed against the governor and the State of Michigan will be supervised by Chief Deputy Attorney General Carol Isaacs and Chief Legal Counsel Matthew Schneider. An example of a previous "conflict wall" case includes the Detroit bankruptcy, in which Attorney General Schuette fulfilled his responsibility as defender of Michigan citizens by protecting the pensions of City of Detroit police and firefighters, while a separate legal team in his office represented the governor and other departments of Michigan government. Many other such cases have taken place over the past 54 years during the service of Michigan's last four attorneys general.

To: Calahan, Heather (DTMB)
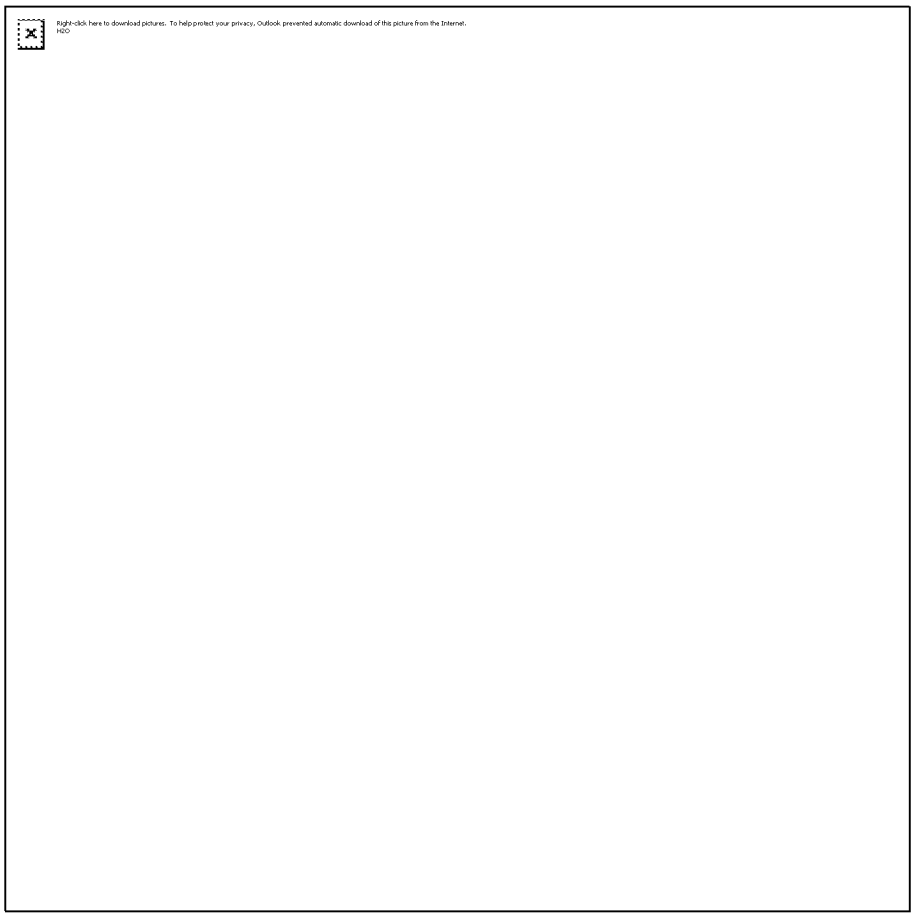
Subject: Contributing time, muscle and money

During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

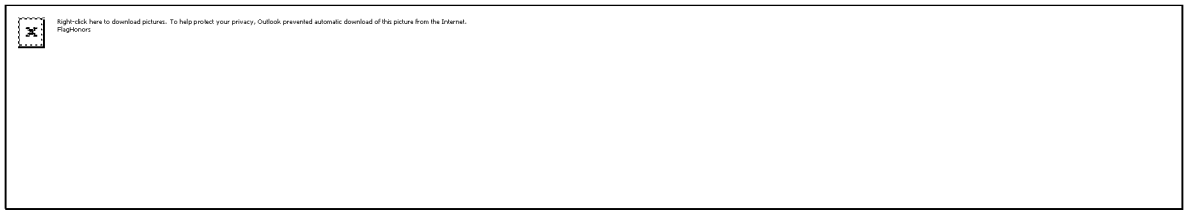
Subject: Thank you for your service



THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Governor Rick Snyder

Subject: Michigan Legislature Email Update

Michigan Legislature Website
Daily Update For: Heather Calahan

Please note: Updates are sent for any change to a given item, including spelling error corrections. Therefore it is possible to be notified that an item has been updated when no legislative activity has occured on the bill.

The notification process includes updates to a vast pool of document types and sessions, including prior sessions. Occasionally we will be adding or correcting documents from a prior sessions in order to have a more complete and accurate collection. You may see dates from a session other than the current one. We apologize for any confusion this may cause but it is an accurate reflection of activity on a subject matter you may be watching.

  REFERRED TO SECRETARY FOR RECORD

Procurement Leadership Team
Agenda
January 20, 2016
1:00 – 2:30
Katherine Cushman Conference Room

Flint
- Maintain a log of all activity related to the city of Flint and the emergency
- SEOC is coordinating
- FEMA – will they be quarterbacking? Regardless, the State must stay engaged

1. Contract Fundamentals Class 1:00 – 1:03
   - January 27, 2016 1-2:30 Michigan Historical Auditorium

   Genevieve Hayes
   1. FOIA Fundamentals – February 3 9-11:30, call in option, registration not necessary, only required if you did not attend last year
   2. New Employee Orientation – if you have any new employees who you want to attend contact Genevieve. This has not been scheduled yet.
   3. SOW 101 – handful on wait list – let Genevieve know if interested.
   4. Standard Contract Terms – last class held in late 2014 – conducted by AG. Tentative date is 3/21, only required if you did not attend last year
   5. Insurance Training – April 22 – 9:00 Con Con, only required if you did not attend last year

2. PLT Meeting Membership (Jeff B.) 1:03 – 1:15
   Considering allowing the procurement executive to change who is in the biweekly meetings. If your duties expand beyond "procurement" you may want to consider sending your procurement chief. Attendance is also open to you and your procurement chief. Please contact Jeff B if you would like to send someone.

   Plan is to begin quarterly meetings with the procurement executives.

3. Policy (Heather) 1:15 – 2:00
   a. Chapter 10 – modified version posted 1/13/2016
   b. Chapter 11 – final posted 1/13/2016
   c. Chapter 12 – Feedback was due 1/19 – Policy Review Team 1/22
      - Any input at this time?
      - Clarification requested and provided on administrative and substantive changes related to increase in contract value
   d. Chapter 5
      i. User Guide – finalized based on feedback (will provide with meeting notes-modifications to be made and sent out ASAP)
      ii. Request for Quote – solicitation method – phone quotes instead of written because of remote locations

      Phone quotes are not the most transparent. Chapter 5 as written will be effective February 1, 2016. Must make reasonable effort to obtain at least three written quotes for $2,500.01 - $10,000 purchases. Buy4Michigan is always an option.

iii. Buy4Michgian exemption – Chapter 5 - "Any deviation from the requirements identified in this Chapter must be approved by the Chief Procurement Officer." Chapter 5 updated and copy provided of language that is modified to address requests for CPO approval on posting requirements. Advised Chapter 5 would be updated.

Team member has recommendations for changes to Chapter 5. Communicated collection of recommended changes, and advised that updates would be made in the future.

4. Walk Ins 2:00 – 2:10

Sharon

- meetings with agencies scheduled throughout fiscal year
- surveys will be sent out soon requesting 1. contracto options, 2. Transition time, and 3. look at Chapter 5 and see if ITN should be used, or if the exception for extending a contract based on useful like can be used
- Process Team – a report will be provided to the PLT soon. Provided an example of some work that is being done such as Forms Team recommended out of 53 forms, 24 of them are to be eliminated or consolidated
- Ad Board – combine F/C and Ad Board agenda dates, and increase threshold
- Discussed invitation to negotiate solicitation method and that the result may be a direct solicitation

ChangePoint

- iTRAC replacement with ChangePoint – agency expressed concern with this change. It was communicated that it is understood that iTRAC is the primary way to communicate internally at agencies, and with that said Central Procurement is also looking at new technology. Communicated that every state employee would be able to link from iTRAC to SharePoint and that the information is more substantial than could be.
- Confirmed that this solution would be for all RFPs and not for all iTRACS. For change notices the office would have a report to include status/comments and planned finish dates.
- Currently business analysts assign the iTRAC request to buyers and then develop a schedule based on current SLAs. The byers will then finalize the agreed to schedule with the agency.
- If a schedule is not met the agency and buyer will get back together to reset the schedule and a formal change will be provided to increase transparency
- The system allows you to sort within your agency
- Expected to be implemented by April/May 2016 – possibly beforehand.

? How is the staffing going – what did you fill with the 19?

- Ran through general hires, and open vacancies

What is the role of the Business Analyst?

- Assisting division directors and buyers
- Will be critical to ChangePoint – reviewing status of projects and reporting to division directors
- Running reports/ assigning work
- Assist with processing change notices if demand is high/tight schedles
- Research
- Etc. continually developing

Natalie

- Moving depot to the GSB Warehouse in April. April 1 – 10 there may be impact on delivery and depot buys
- Anticipate that shipping will stop before April 1

FYI MMCC out for bid and expect award in summer–

- VMS – change to how vendor sent to Ad Board and informational meeting scheduled for 2/11/16 in State library. Notice will be sent.

FOR IMMEDIATE RELEASE
February 02, 2016

Schuette: Flint Residents Should Be Aware Of Potential Water Crisis Scams

Schuette praises the response of volunteers and charitable giving during the Flint water crisis but says families and seniors should be on the lookout for scammers

LANSING –Michigan Attorney General Bill Schuette today offered praise and thanks for the overwhelming outpouring of assistance offered to Flint residents as they deal with the hardships caused by the tragic and unthinkable contamination of their drinking water, but noted that crises like these can also create opportunities for scam artists targeting families, senior citizens and small businesses.

As a result, Schuette's Consumer Protection Division released a consumer alert to help Flint residents protect themselves, their families and neighbors by being aware of common scams attempted during crisis situations. The consumer alert offers tips on avoiding scam artists and criminals who may attempt to exploit emergency situations like the one in Flint.

"The outpouring of support and volunteerism in Flint is a reassuring sign of the warmth and compassion Michiganders have for one another, especially during a crisis, and I strongly encourage those in need to seek help," said Schuette. "But, even in these times of generosity and need, we must be aware of the common scams that could further hurt Flint families and those attempting to assist them. That can be done with a few simple steps before taking

action."

Schuette said two common scams involve charitable giving and home and business repairs. While Michigan residents and small businesses are always at risk of these scams, this crisis may draw the attention of more scam artists than usual. Schuette cautions home and small business owners to remain on guard and to be thorough in asking questions of any unannounced visitors or salespeople during the continuing water crisis.

Charitable Giving Scams

To help ensure the most of your charitable contribution is used to help Flint residents, take a minute to review the following steps:

- **Be cautious of requests for donations by unfamiliar organizations or people.**
- **Beware of unsolicited phone calls, and text and email appeals on social media sites such as Facebook and Twitter.**
- **Crowdfunding and other types of internet giving can be tools of tremendous good, but as with any type of giving it can be abused, so it's important to proceed with caution when donating online.** A Consumer alert with additional information and advice on crowdfunding is available here.
- **Continue to reach out and help Flint residents but be sure to choose established charitable organizations with a history of helping those in need. The Michigan charitable giving database can be searched at http://www.ag.state.mi.us/CharitableTrust/.**

Door-to-Door Sales and Repair Scams

While not wanting to interfere with legitimate services or visits from governmental entities to your home or business, Schuette noted that another common scam is door-to-door sales of services such as home or business repair, or scammers imitating government workers, such as inspection services seeking to gain entrance to your home or business. For example, scam artists could approach a home owner with promises of repairing plumbing or restoring clean water service to a home. To avoid falling victim to con artists, make sure to take following precautions:

- **Beware of door-to-door solicitors.** Be cautious when someone appears at your door without a previous connection to you or without you having contacted the business in question beforehand.
- **Don't make any rushed decisions.** Do your homework and check out any contractor before you pay them anything or sign any contracts. Do not feel pressured into signing any documents at your door. A legitimate business will give you time to consider a proposal.
- **Ask to see the ID of anyone who wants to enter your home or business.** It is completely appropriate to check them out by calling the governmental authority or the company they claim to represent.
- **Do not let anyone remove your water meter, and do not pay anyone for promising "alternative" water services involving your home plumbing.** Under the Flint City Code of Ordinances, unauthorized parties who tamper with city water system equipment may be guilty of a misdemeanor.
- **Check the company's complaint history** by calling the Attorney General's Consumer

Protection Division (toll free) at 1-877-765-8388.

A consumer alert with additional information and advice on choosing a building contractor or company for home remodeling and repair is available here.

To File a Complaint

Complaints against a licensed builder may be filed with the Michigan Department of Licensing & Regulatory Affairs, Bureau of Commercial Services, Enforcement Division. Complaint filing instructions and complaint form available at online at: http://www.michigan.gov/lara/0,4601,7-154-35299---,00.html.

Those who suspect fraud are also encouraged to report it to the FEMA Disaster Fraud Hotline at 1-866-720-5721.

Other complaints may be filed with the Attorney General's Consumer Protection Division:

Consumer Protection Division
P.O. Box 30213
Lansing, MI 48909
517-373-1140
Toll free: 877-765-8388

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

February 2, 2016

TO: State of Michigan Procurement Leadership

FROM: DTMB Procurement

SUBJECT: Genesee County Water Emergency Response - Purchasing Guidance

Thank you to all who are working to support the State of Michigan's Genesee County, City of Flint water emergency response.

Given the complexity and variety of the needs of this emergency effort, the purchasing support required is complex as well. Purchasing protocols have some differences under this declared state of emergency, and meticulous tracking of expenditures is imperative.

The Michigan State Police (MSP) is the lead agency overseeing the situation and managing the State Emergency Operations Center (SEOC). Flint related purchases must first be routed through the appropriate SEOC contact (see attached for an agency roster) to include the SEOC State Director. This is required for all Flint- related purchases without exception. The SEOC financial team is responsible for tracking all expenditures in connection with the emergency efforts.

Each agency is responsible for its own purchasing transactions. This includes p-card transactions and purchase orders, the tracking of all such transactions, and reporting of those transactions to the appropriate SEOC representative. Failure to properly inform the SEOC financial team of any transaction may result in a forfeiture of any potential reimbursement anticipated by the agency.

Agency purchasing managers are responsible to supply their agency's SEOC representative with a 24/7 phone number for agency purchasing staff support and request that the SEOC representative involves them in every purchase. (Note: SEOC hours are 8 am to 8 pm, seven days a week at this time.)

Emergency Purchasing Procedure:
Public Act 431 of 1984 provides an exception to competitive bidding during a state of emergency. However, responsible purchasing procedures are still the expectation for all procurement professionals (agency purchasing staff).

In addition to the notification and reporting expectations set forth above, transactions should be conducted and/or overseen by procurement professionals, with rare exception, in accordance with the following:

- Each agency makes their own determination when an emergency purchase order is required, and is then responsible for the supporting documentation
- Utilize existing State contracts where possible. Contact DTMB Procurement for help negotiating bulk rates or expedited shipments if needed, and for any concerns related to availability of funds on a contract

- Obtain three quotes whenever reasonably practicable
- Post bids online to the extent practicable
- Please escalate any questions to DTMB Procurement before executing a buy
- DTMB Procurement will assist any agency upon request to address supply chain issues (e.g. working with a national supplier to ensure a high volume supply of water filters are available)
- DTMB-Financial Services is not responsible for issuing emergency purchase orders on behalf of agencies with the exception of information technology related goods and services
- Maintain documentation supporting all transactions. Establish internal protocols to support this such as a single spreadsheet to track agency-wide transactions. Report your agency's expenses to the SEOC Finance team via your SEOC representative.

Questions, concerns, or comments should be directed to:

Subject: RE: Flint Emergency Purchasing Procedures

Good afternoon,

I have received a few emails asking for a list of the SEOC contacts. We are working on obtaining a copy of that list – I will send it out as soon as it is available.

Have a great night.

Heather

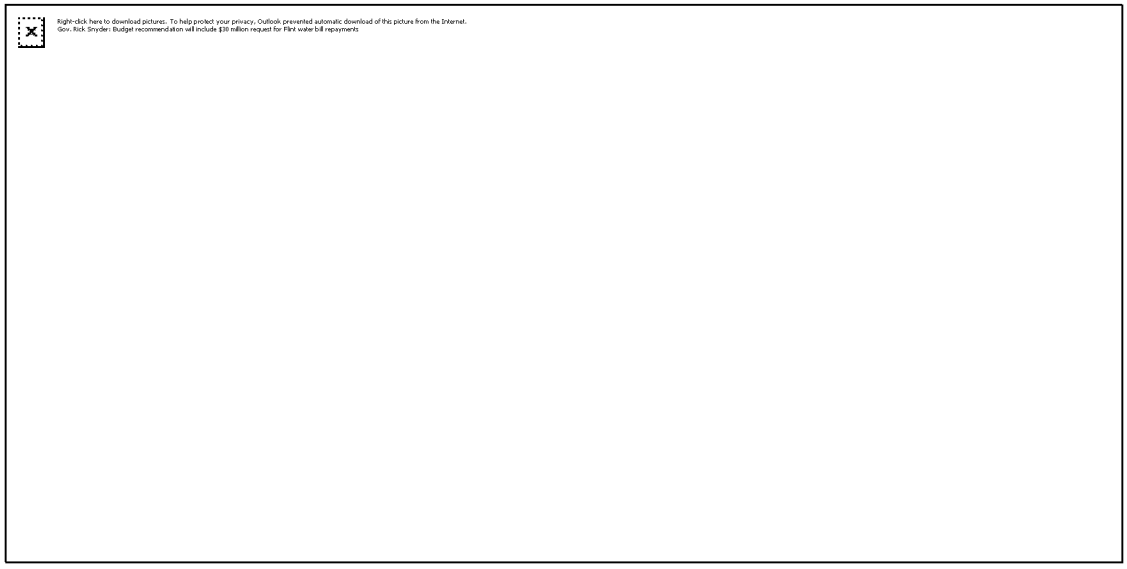
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.

FOR IMMEDIATE RELEASE
February 04, 2016

Schuette Warns FlintWater.com of Potential Charitable Solicitation Violations

Attorney General credits Senator Jim Ananich for alerting his office to this latest potential scam

LANSING – As a follow up to this week's consumer alert, Michigan Attorney General Bill Schuette issued a warning to the website FlintWater.com and its owner Daniel Price, of Waterford, due to potential charitable solicitation violations. The warning addressed the website's unauthorized use of the logos of established charities and organizations. Schuette also said the website must account for all funds raised in the names of these charities.

"I would like to thank Senator Jim Ananich of Flint and the United Way for alerting me and making it possible for my office to take quick action," said Schuette.

The website displayed the logos of the United Way, Pure Michigan, Flint Water Response Team and the American Red Cross without permission from the organizations or even notifying them of use. As of this time, the logos have been taken down. But, Schuette said this is an example of what he warned consumers about earlier in the week in regarding online contributions being solely used for donors intended purposes.

While he strongly encourages financial contributions and volunteerism, including many helpful uses of crowdfunding and websites, to assist Flint residents, it is important to be sure that funds reach well establish organizations that have the ability to truly help. Donors shouldn't have to

wonder if the website they are contributing truly represents the charitable names they know and trust.

The Michigan Solicitations Act prohibits representing or implying sponsorship as well as the use of a charity's logo without permission from the charity. Violations of this law are subject to fines of up to $10,000 per violation.

"My priority is to protect Flint residents, especially while they are in a vulnerable situation through no fault of their own," said Schuette.

Charitable Giving Scams

To help ensure the most of your charitable contribution is used to help Flint residents, take a minute to review the following steps:

- **Be cautious of requests for donations by unfamiliar organizations or people.**
- **Beware of unsolicited phone calls, and text and email appeals on social media sites such as Facebook and Twitter.**
- **Crowdfunding and other types of internet giving can be tools of tremendous good, but as with any type of giving it can be abused, so it's important to proceed with caution when donating online.** A Consumer alert with additional information and advice on crowdfunding is available here.
- **Continue to reach out and help Flint residents but be sure to choose established charitable organizations with a history of helping those in need. The Michigan charitable giving database can be searched at http://www.ag.state.mi.us/CharitableTrust/.**

Door-to-Door Sales and Repair Scams

While not wanting to interfere with legitimate services or visits from governmental entities to your home or business, Schuette noted that another common scam is door-to-door sales of services such as home or business repair, or scammers imitating government workers, such as inspection services seeking to gain entrance to your home or business. For example, scam artists could approach a home owner with promises of repairing plumbing or restoring clean water service to a home. To avoid falling victim to con artists, make sure to take following precautions:

- **Beware of door-to-door solicitors.** Be cautious when someone appears at your door without a previous connection to you or without you having contacted the business in question beforehand.
- **Don't make any rushed decisions.** Do your homework and check out any contractor before you pay them anything or sign any contracts. Do not feel pressured into signing any documents at your door. A legitimate business will give you time to consider a proposal.
- **Ask to see the ID of anyone who wants to enter your home or business.** It is completely appropriate to check them out by calling the governmental authority or the company they claim to represent.
- **Do not let anyone remove your water meter, and do not pay anyone for promising "alternative" water services involving your home plumbing.** Under the Flint City Code of Ordinances, unauthorized parties who tamper with city water system equipment may be guilty of a misdemeanor.

- **Check the company's complaint history** by calling the Attorney General's Consumer Protection Division (toll free) at 1-877-765-8388.

A consumer alert with additional information and advice on choosing a building contractor or company for home remodeling and repair is available here.

To File a Complaint

Complaints against a licensed builder may be filed with the Michigan Department of Licensing & Regulatory Affairs, Bureau of Commercial Services, Enforcement Division. Complaint filing instructions and complaint form available at online at: http://www.michigan.gov/lara/0,4601,7-154-35299---,00.html.

Those who suspect fraud are also encouraged to report it to the FEMA Disaster Fraud Hotline at 1-866-720-5721.

Other complaints may be filed with the Attorney General's Consumer Protection Division:

Consumer Protection Division
P.O. Box 30213
Lansing, MI 48909
517-373-1140
Toll free: 877-765-8388

Enterprise Procurement,

Vendors who are interested in selling goods or services to the state to assist in the Flint water emergency should be referred to the "Flint Emergency Purchasing" portal found on the Contract Connect website.

By submitting their information through the portal, we ensure that all solutions are collected and reviewed by the appropriate parties. Vendors should also register their businesses on www.Buy4Michigan.com and on the Contract and Payment Express at www.michigan.gov/cpexpress.

FOR IMMEDIATE RELEASE
February 8, 2016

MEDIA ADVISORY

Schuette to Hold Flint Water Investigation Roundtable

WHO: Michigan Attorney General Bill Schuette, Special Counsel Todd Flood, Chief Investigator Andy Arena, and Deputy Chief Investigator Ellis Stafford.

WHAT: Attorney General Schuette and the investigative team will provide a brief update on the investigation into the Flint water crisis.

WHEN: Tuesday, February 9, 2016 at 11:00 AM

WHERE: The Office of Attorney General Bill Schuette, 7th Floor
G. Mennen Williams Building
525 W. Ottawa St.
Lansing, MI 48909

NOTE: Only accredited members of the media who RSVP will be admitted.

BACKGROUND: Michigan Attorney General Bill Schuette announced on Monday, January 25, 2016 that former prosecutor Todd Flood will serve as Special Counsel in the probe of the Flint water crisis and that retired Michigan FBI chief Andrew Arena will investigate the water crisis currently affecting the City of Flint. The purpose of the investigation is to determine what, if any,

Michigan laws were violated in the process that resulted in the contamination crisis currently forcing Flint residents to rely on bottled water for drinking, cooking and bathing as they fear for their health.

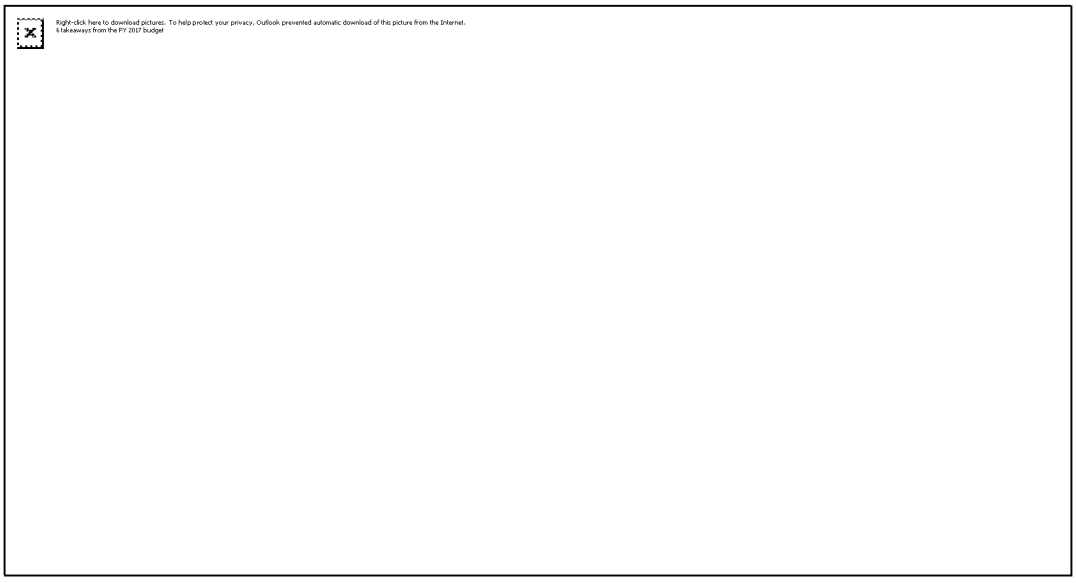
Subject: What this year's budget means for Michigan...

VIDEO: What Governor Snyder's FY17 budget means for Michigan



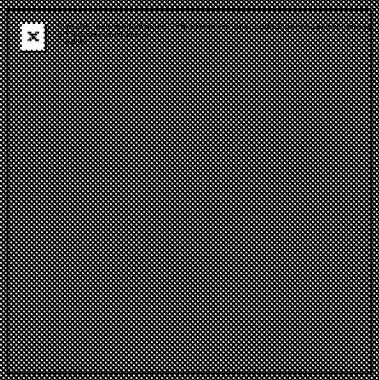
Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of Michigan's families. Click here to learn more about the top 6 takeaways from the

Governor's FY 2017 state budget.

Click a tweet to tweet it out:



The #MIBudget @OneToughNerd proposed yesterday makes key investments to strengthen Michigan for all families --> www.mi.gov/MIBudget

--> @OneToughNerd's #MIBudget includes $72 million a year for Detroit Public Schools. It is time to act now --> www.mi.gov/MIBudget

--> @onetoughnerd's significant investment in #Flint families is the right thing to do. #FlintFWD #MIBudget www.mi.gov/MIBudget

Good morning,

Attached is the list of primary state emergency management coordinators with office phone and email. Names and numbers occasionally change, so proceed accordingly. If you ever need to make an urgent contact, feel free to contact MSP Operations at 517-241-8000 and request contact from the EMHSD Duty Officer, who will be able to send a message using the Everbridge system.

Please let me know if you have any questions.

Good afternoon Kim,

The only change to Chapter 1 is an insert to the way we are updating the Policy Manual.

With that said, we do appreciate the feedback, and questions. I will review your email and address the questions next week. Does that work for you?

To: Graham, Kimberly (DMVA); Ambrosier, Jared (DMVA); Kelly, Joseph (DMVA); Worrall, Dana (DMVA)
Subject: RE: February 3, 2016 PLT Meeting Notes

Hi Kim,

Here is some feedback and a couple of questions on modified version of Chapter 1.

1.3.1. Michigan Based Business

All other things being equal, the State of Michigan must give preference to products manufactured or services offered by Michigan-based firms. (Not sure what true definition of state based is) (MCL 18.1261 and 18.1268)

1.3.12. State Printing Act

All businesses performing printing services (excluding legal publications ordered for or by elected state officers) must meet one of the following conditions (a) bear the label of the branch of the allied printing trades council of the locality in which it is printed; (b) have on file with the secretary of state, a sworn statement indicating that employees producing the printing are receiving the prevailing wage rate in the locality in which the work is performed; or (c) have a collective bargaining agreement in effect formed by an organization that is not in any way influenced or controlled by management. (MCL 24.61-62)

How does Michigan State Industries fit into this?

4 Ethical Standards and Professional Conduct for Purchasing Professionals

1.4.2. Ethical Standards and Professional Conduct for Purchasing Professionals

3 b. A business, entity, or person that is seeking a contract with the state for which the Purchasing Professional, as a part of the Purchasing Professional's official duties, had or has (1) the authority to develop, recommend, influence , or approve the contract specifications or (2) the authority to recommend the purchase or award of the contract

1.5.4. Anti-Competitive Behavior

The Michigan Antitrust Reform Act, Public Act 274 of 1984, was created to prevent business practices used to decrease competition in the economic marketplace. (MCL 445.771 – 445.788) Contractors who bid on State contracts, or receive contract awards must not participate in anti-competitive behavior including BUT NOT LIMITED TO any of the following:

Bid Rigging: Entering an agreement with a competitor that will result in a predetermined winner when bidding for a contract is taking place, agreeing to bid at a price so that the other competitor will win, or tailoring a contract so that a company is pre-determined to win a future bid.

Price-Fixing: Entering an agreement with a competitor on how much they will charge for a product or service.

Suggest adding-Bid Suppression, Complementary Bidding, Bid Rotation, Market Division

1.4 Ethical Standards and Professional Conduct for Purchasing Professionals

1.4.2. Ethical Standards and Professional Conduct for Purchasing Professionals

3 b. A business, entity, or person that is seeking a contract with the state for which the Purchasing Professional, as a part of the Purchasing Professional's official duties, had or has (1) the authority to develop, recommend, influence , or approve the contract specifications or (2) the authority to recommend the purchase or award of the contract

That's all I have.

Senior Management Team,

We just received the search terms for the document production. (See below.) Given the lateness of this email, we are asking you send your list of custodians to Jean Ingersoll **no later than noon on Tuesday, February 16**.

We are not asking you to conduct any searches right now. Further directions will come from Jean.

Search terms:

Legionnaire
Legionella
"boil water order" & "Flint" (anywhere in document)
"coli" & Flint (anywhere in document)
"bacteria" & "Flint" (anywhere in document)
"microb" & "Flint" (anywhere in document)
"TTHM" & "Flint" (anywhere in document)
"Lead" & "Flint" (anywhere in document)
"emergency" & "Flint" (anywhere in document)
Karegnondi
"Genesee County Health Department"
"Flint" (within sentence) "utilities"
"Lead and Copper Rule"
"Detroit Water and Sewerage Department" & "Flint" (anywhere in document)
"DWSD" & "Flint" (anywhere in document)
"Flint River"
"Pb" & "water" (anywhere in document)
"KWA"

Please call me or Jean if you have any questions.

Brom

Subject: Time Sensitive Request

SMT,

Jean Ingersoll is leading DTMB's effort to comply with document production requests related to freedom of information requests and certain lawsuits against the state.

At some point during the day tomorrow, Jean will share with you a list of standard "search terms" which we will use to compile documents related to this lawsuit.

Within 2 hours of receiving this email from Jean, you need to respond with a list of likely custodians from your work area. Jean may have more information on this tomorrow, but generally speaking a custodian will be a staff member who might reasonably be expected to have documents (electronic or otherwise) that correspond to the issues identified in the search terms.

If you have any questions, please call me or Jean. This is an important issue and I thank you in advance for your attention to this matter.

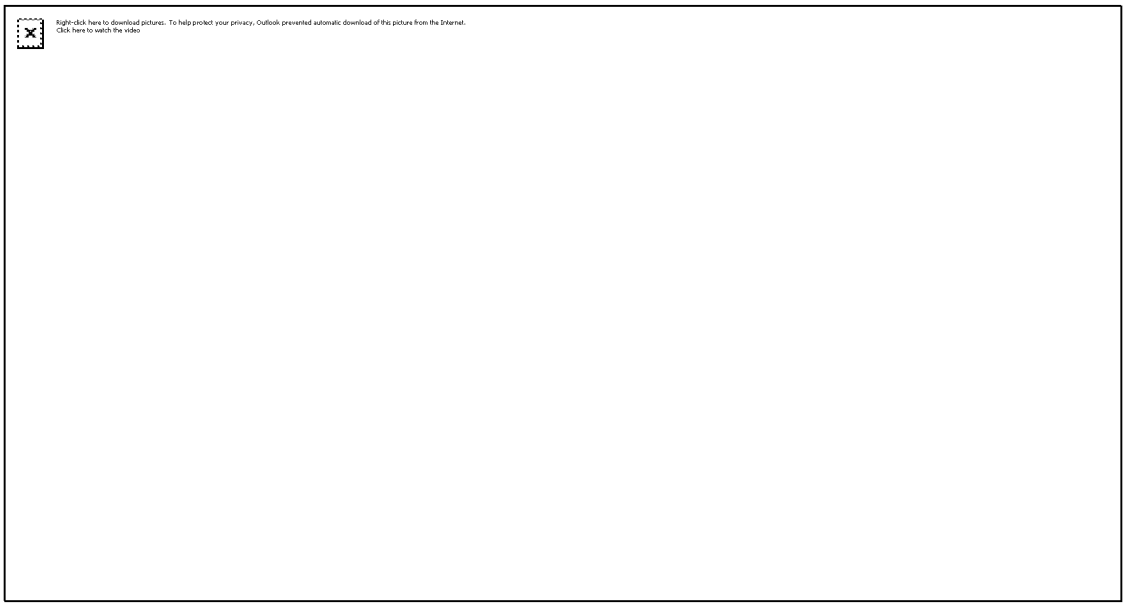
VIDEO: How volunteers are helping Flint



Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

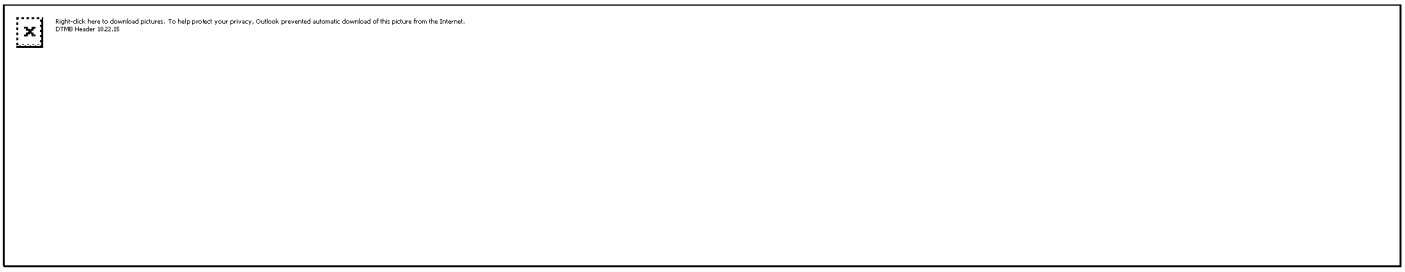
Sent: Wednesday, February 17, 2016 10:10 AM
To: Calahan, Heather (DTMB)
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for

14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.

- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

JANUARY 30, 2016

Welcome to a special Saturday edition of GovTech Today, where we recap our best stories of the week — just in case you missed them. Thanks for spending a little bit of your weekend with us.

Anonymous Activates #OpFlint: According to the hacker group, OpFlint promises online attacks directed toward Michigan Gov. Rick Snyder's administration in response to the Flint water emergency, which has dominated national headlines recently. Though Vocativ.com says the video doesn't explain any specifics of Anonymous' attack plan, it does assure to those affected by the water crisis that, "We will amplify your voice where the mainstream media will surely fail you, as it has in the past." See what Michigan officials had to say about the threat.

Speed Up by Slowing Down: It's becoming increasingly difficult to stay current with emerging technologies while mitigating security vulnerabilities. So what can be done to keep up? Surprisingly, it may be best to slow down, look around and catch your breath. That's right — if you want to speed up innovation, many experts suggest slowing down first.

Emerging Tech Affects Jobs: A new study has some worrisome revelations for the future of the global job market: By 2020, more than 5 million jobs could disappear in the wake of advancing technology. And those in the public sector are not immune.

SF's Startup in Residence: Building on a program from 2014, the San Francisco Mayor's Office of Civic Innovation announced during a Jan. 28 press conference the 2016 Startup in Residence program that includes a regional partnership with the neighboring cities of Oakland, San Leandro and West Sacramento. The ultimate goal? To build

Request for Public Record

To: FOIA Coordinators via email
I am a person as defined under Michigan FOIA. Please accept this correspondence as a request

pursuant to the Michigan Freedom of Information Act (FOIA) Michigan Compiled Laws §15.231 to §15.246 et seq., the Michigan Constitution and common law, and the U.S. Constitution, for certain public documents hereinafter specified.

Date of Request: 2/4/16 Time: 4:40 p.m. via email
Person Requesting Record: Matthew Dolan Phone: 313-223-4743
Mailing address: Detroit Free Press

160 W. Fort Street

Detroit, MI 48226

Email Address: msdolan@freepress.com<mailto:msdolan@freepress.com> Fax: n/a
Delivery Specifications:
Please select the quickest form to be able to view the documents:
•Email: to requestor at the email address above if possible, and if not please mail to the address above.
•In-office Inspection: Please contact me with an acceptable contact, time, and date when I may appear for inspection and possible scanning of documents.
•Pick- up: Please contact me with an acceptable contact, time, and date when I may pick up the documents.
Auditor or Attorney: _____ Contact: _____

Media Specification: Paper Copies or Email attachment less than 20 MB, CD-ROM or DVD, unless certain records are not available in computer format, in which case response by fax or in-person viewing is preferred
Records requested: The records and documents I am requesting are all those relating to:

Copies of the documents, including but not limited to emails already requested by and provided to Progress Michigan or those associated with the organization related to any and all discussion of Flint's water supply, including but not limited to contaminant such as lead and copper in the water as well as any and all discussion of Legionnaire's disease in Genesee County, Mich.
For the purposes of this request, the term "you" or "your" refers to public body generating or maintaining the public records requested in this request, and to which this request is directed, whether that be an agency, municipality, office, county, or any other entity subject to disclosure under this act; the term "records" refers to all documents, regardless of physical form (including without limitation papers, reports, notes of telephone conversations, telephone call messages, studies, proposals, indices, letters, messages, faxes, minutes, logs, journal entries, calendars, and computer-based or computer-generated materials including e-mail, or any other documentation of any kind of any and all kind) of or belonging to any department, agency, service area, board or other subdivision of the public body. "Records" shall include drafts of records to the extent permitted by law; The term "email" includes any electronic message and any attachment to any such message, and specifically includes emails sent or received by an officer, agent, or employee using an email address other than that person's official government issued email address if sent or received while on duty, using a government computer, in a government building, sent or received using a government contact list, or other using any other government resource.
Michigan law requires you to respond to this request not more than five (5) days from your receipt of this request, but you are asked to expedite this request if possible. If this request is sent by fax or email, the time to comply begins the day after the faxed request is sent to you. If your agency does not maintain these public records, please let my designated auditor know who does, and

include the proper custodian's name and address. If this fax request does not go directly to the office of the FOIA coordinator, you must deliver it there immediately. If you deny any part of this request, please indicate the name and position of the person too who an appeal should be directed prior to instituting suit, so that needless litigation in which costs, damages, and attorney fee may be taxed against you might be avoided.

Take notice of the penalties and consequences for failure to comply with this request: Willful violation of FOIA by refusing to disclose or delaying in disclosing or providing copies of a public record, may result in the court awarding in addition to any actual or compensatory damages, award punitive damages in the amount of $500 to the person seeking the right to inspect or receive a copy of a public record. Reasonable attorneys' fees, costs, and disbursements" will be awarded to any person who prevails in an action to compel disclosure under MCLA § 15.240. If the requesting person only prevails in part, "the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements.

Because of the civic educational purpose of this request, I request a fee waiver and ask that you determine that a waiver or reduction of the fee is in the public interest because furnishing copies of the public record can be considered as primarily benefiting the general public." MCLA § 15.234(l)

I agree to pay any reasonable search, copying, and postage fees of not more than $2.00. If the cost would be greater than this amount, Please immediately contact me by telephone or email if you anticipate that the costs will exceed this amount, so as not to cause delay in the prompt disclosure of the records requested. I may appear in person to inspect the documents on scan them using my portable equipment. Please provide a receipt indicating the charges for each document. The Michigan FOIA law provides that, “A fee shall not be charged for the cost of search, examination, review, and the deletion and separation of exempt from nonexempt information as provided in section 14 unless failure to charge a fee would result in unreasonably high costs to the public body because of the nature of the request in the particular instance, and the public body specifically identifies the nature of these unreasonably high costs. MCLA § 15.234(3).

If the documents I have requested are not subject to disclosure in their entirety, I request that you release all nonexempt portions of the documents that may be segregated and all parts of the documents that can be rendered disclosable by redaction without fee. If you determine that any of the requested documents fall within a statutory exemption, I request that you exercise your discretion to disclose those materials because of the overriding public concern about the improper use of government email systems and resources to further political agendas. As to any portion of the documents that you withhold, please state with specificity the legal and factual basis for withholding such portion. To the extent that you are unable to produce copies of or otherwise make available all records requested within the time frame provided, please notify my auditor in writing and provide me with those records that are available within the prescribed time frame and the remainder of the records on a "rolling" basis as they become available for production.

I appreciate your anticipated prompt cooperation and will expect your response within 5 days, as required by the act. If you need further explanation of the details or the nature or scope of this request, please feel free to call me or my designated auditor or attorney specified above using the contact information provided.

***This attachment was updated 2/18/16**

*See agenda below

Requested By:
DTMB Executive Staff

Location:
Ottawa Building
Upper Level – Conference Room 4
611 W. Ottawa Street
Lansing, MI 48933

[redacted]

Security:
Please have your State Employee ID showing at all times.

Parking:
Metered parking is available along Ottawa and Pine street.

Briefing:
In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to produce, by a certain date, any documents containing certain search terms. In this meeting we will review instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Agenda
1) Kickoff – Brom Stibitz, Chief Deputy Director
2) Why you are here – Jean Ingersoll, Interim Chief of Staff
3) What you need to do (February 22, 2016 deadline) – Jean
4) What will be done for you – Jean
5) What's next – Jean
6) Public Information Reminder – Caleb Buhs, Public Information Officer
7) Questions and Answers - Group

Subject: FOIA request from the Detroit Free Press, RE: Flint water

Request for Public Record

To: FOIA Coordinators via email
I am a person as defined under Michigan FOIA. Please accept this correspondence as a request pursuant to the Michigan Freedom of Information Act (FOIA) Michigan Compiled Laws §15.231 to §15.246 et seq., the Michigan Constitution and common law, and the U.S. Constitution, for certain public documents hereinafter specified.

Date of Request: 2/4/16 Time: 4:40 p.m. via email
Person Requesting Record: Matthew Dolan Phone: 313-223-4743
Mailing address: Detroit Free Press

160 W. Fort Street

Detroit, MI 48226

Email Address: msdolan@freepress.com<mailto:msdolan@freepress.com> Fax: n/a
Delivery Specifications:
Please select the quickest form to be able to view the documents:
Email: to requestor at the email address above if possible, and if not please mail to the address above.
In-office Inspection: Please contact me with an acceptable contact, time, and date when I may appear for inspection and possible scanning of documents.
Pick- up: Please contact me with an acceptable contact, time, and date when I may pick up the documents.
Auditor or Attorney: _____ Contact: _____

Media Specification: Paper Copies or Email attachment less than 20 MB, CD-ROM or DVD, unless certain records are not available in computer format, in which case response by fax or in-person viewing is preferred
Records requested: The records and documents I am requesting are all those relating to:

Copies of the documents, including but not limited to emails already requested by and provided to Progress Michigan or those associated with the organization related to any and all discussion of Flint s water supply, including but not limited to contaminant such as lead and copper in the water as well as any and all discussion of Legionnaire s disease in Genesee County, Mich.
For the purposes of this request, the term "you" or "your" refers to public body generating or maintaining the public records requested in this request, and to which this request is directed, whether that be an agency, municipality, office, county, or any other entity subject to disclosure under this act; the term "records" refers to all documents, regardless of physical form (including without limitation papers, reports, notes of telephone conversations, telephone call messages, studies, proposals, indices, letters, messages, faxes, minutes, logs, journal entries, calendars, and computer-based or computer-generated materials including e-mail, or any other documentation of any kind of any and all kind) of or belonging to any department, agency, service area, board or other subdivision of the public body. "Records" shall include drafts of records to the extent permitted by law; The term "email" includes any electronic message and any attachment to any such message, and specifically includes emails sent or received by an officer, agent, or employee using an email address other than that person's official government issued email address if sent or received while on duty, using a government computer, in a government building, sent or received using a government contact list, or other using any other government resource.
Michigan law requires you to respond to this request not more than five (5) days from your receipt of this request, but you are asked to expedite this request if possible. If this request is sent by fax or email, the time to comply begins the day after the faxed request is sent to you. If your agency does not maintain these public records, please let my designated auditor know who does, and include the proper custodian's name and address. If this fax request does not go directly to the office of the FOIA coordinator, you must deliver it there immediately. If you deny any part of this request, please indicate the name and position of the person too who an appeal should be directed prior to instituting suit, so that needless litigation in which costs, damages, and attorney fee may be taxed against you might be avoided.

Take notice of the penalties and consequences for failure to comply with this request: Willful violation of FOIA by refusing to disclose or delaying in disclosing or providing copies of a public record, may result in the court awarding in addition to any actual or compensatory damages, award punitive damages in the amount of $500 to the person seeking the right to inspect or receive a copy of a public record. Reasonable attorneys' fees, costs, and disbursements" will be awarded to any person who prevails in an action to compel disclosure under MCLA § 15.240. If the requesting person

only prevails in part, "the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements.

Because of the civic educational purpose of this request, I request a fee waiver and ask that you determine that a waiver or reduction of the fee is in the public interest because furnishing copies of the public record can be considered as primarily benefiting the general public." MCLA § 15.234(I)

I agree to pay any reasonable search, copying, and postage fees of not more than $2.00. If the cost would be greater than this amount, Please immediately contact me by telephone or email if you anticipate that the costs will exceed this amount, so as not to cause delay in the prompt disclosure of the records requested. I may appear in person to inspect the documents on scan them using my portable equipment. Please provide a receipt indicating the charges for each document. The Michigan FOIA law provides that, A fee shall not be charged for the cost of search, examination, review, and the deletion and separation of exempt from nonexempt information as provided in section 14 unless failure to charge a fee would result in unreasonably high costs to the public body because of the nature of the request in the particular instance, and the public body specifically identifies the nature of these unreasonably high costs. MCLA § 15.234(3).

If the documents I have requested are not subject to disclosure in their entirety, I request that you release all nonexempt portions of the documents that may be segregated and all parts of the documents that can be rendered disclosable by redaction without fee. If you determine that any of the requested documents fall within a statutory exemption, I request that you exercise your discretion to disclose those materials because of the overriding public concern about the improper use of government email systems and resources to further political agendas. As to any portion of the documents that you withhold, please state with specificity the legal and factual basis for withholding such portion. To the extent that you are unable to produce copies of or otherwise make available all records requested within the time frame provided, please notify my auditor in writing and provide me with those records that are available within the prescribed time frame and the remainder of the records on a "rolling" basis as they become available for production.

I appreciate your anticipated prompt cooperation and will expect your response within 5 days, as required by the act. If you need further explanation of the details or the nature or scope of this request, please feel free to call me or my designated auditor or attorney specified above using the contact information provided.

To: McLaughlin, Kyle (AG)
Subject: RE: Cell Phones - Sprint

That direction is perfect! No immediate deadline; however, the current cell phone contracts expire early fall. With that in mind, if we have to go out to bid DTMB would need to move fairly quickly. We have more time if most of the terms are acceptable and little negotiation is required for additional terms. Helpful?

From: McLaughlin, Kyle (AG)

To: Calahan, Heather (DTMB)
Subject: RE: Cell Phones - Sprint

No problem Heather. And, no memo is required at this time. I'll concentrate primarily on any value lost to the State by piggybacking on the WSCA terms and conditions rather than enforcing our own while keeping an eye out for any required but absent T&C clauses.

Is there an immediate deadline for this review? I am currently involved in defending the Governor, Treasurer and City of Flint Emergency Manager in a suit filed by a Flint area union – so that's taking up a good chunk of my time at the moment.

Thank you for agreeing to look at this.

I attached the current terms and all documents relevant to the WSCA agreement.

Please let me know if there is anything else you need.

Thank you!

Procurement Leadership Team
Agenda
January 20, 2016
1:00 – 2:30
Katherine Cushman Conference Room

Flint
- Maintain a log of all activity related to the city of Flint and the emergency
- SEOC is coordinating
- FEMA – will they be quarterbacking? Regardless, the State must stay engaged

1. Contract Fundamentals Class 1:00 – 1:03
   - January 27, 2016 1-2:30 Michigan Historical Auditorium

   Genevieve Hayes
   1. FOIA Fundamentals – February 3 9-11:30, call in option, registration not necessary, only required if you did not attend last year
   2. New Employee Orientation – if you have any new employees who you want to attend contact Genevieve. This has not been scheduled yet.
   3. SOW 101 – handful on wait list – let Genevieve know if interested.
   4. Standard Contract Terms – last class held in late 2014 – conducted by AG. Tentative date is 3/21, only required if you did not attend last year
   5. Insurance Training – April 22 – 9:00 Con Con, only required if you did not attend last year

2. PLT Meeting Membership (Jeff B.) 1:03 – 1:15
   Considering allowing the procurement executive to change who is in the biweekly meetings. If your duties expand beyond "procurement" you may want to consider sending your procurement chief. Attendance is also open to you and your procurement chief. Please contact Jeff B if you would like to send someone.

   Plan is to begin quarterly meetings with the procurement executives.

3. Policy (Heather) 1:15 – 2:00
   a. Chapter 10 – modified version posted 1/13/2016
   b. Chapter 11 – final posted 1/13/2016
   c. Chapter 12 – Feedback was due 1/19 – Policy Review Team 1/22
      - Any input at this time?
      - Clarification requested and provided on administrative and substantive changes related to increase in contract value
   d. Chapter 5
      i. User Guide – finalized based on feedback (will provide with meeting notes-modifications to be made and sent out ASAP)
      ii. Request for Quote – solicitation method – phone quotes instead of written because of remote locations

      Phone quotes are not the most transparent. Chapter 5 as written will be effective February 1, 2016. Must make reasonable effort to obtain at least three written quotes for $2,500.01 - $10,000 purchases. Buy4Michigan is always an option.

iii. Buy4Michgian exemption – Chapter 5 - "Any deviation from the requirements identified in this Chapter must be approved by the Chief Procurement Officer." Chapter 5 updated and copy provided of language that is modified to address requests for CPO approval on posting requirements. Advised Chapter 5 would be updated.

Team member has recommendations for changes to Chapter 5. Communicated collection of recommended changes, and advised that updates would be made in the future.

4. Walk Ins 2:00 – 2:10

Sharon

- meetings with agencies scheduled throughout fiscal year
- surveys will be sent out soon requesting 1. contracto options, 2. Transition time, and 3. look at Chapter 5 and see if ITN should be used, or if the exception for extending a contract based on useful like can be used
- Process Team – a report will be provided to the PLT soon. Provided an example of some work that is being done such as Forms Team recommended out of 53 forms, 24 of them are to be eliminated or consolidated
- Ad Board – combine F/C and Ad Board agenda dates, and increase threshold
- Discussed invitation to negotiate solicitation method and that the result may be a direct solicitation

ChangePoint

- iTRAC replacement with ChangePoint – agency expressed concern with this change. It was communicated that it is understood that iTRAC is the primary way to communicate internally at agencies, and with that said Central Procurement is also looking at new technology. Communicated that every state employee would be able to link from iTRAC to SharePoint and that the information is more substantial than could be.
- Confirmed that this solution would be for all RFPs and not for all iTRACS. For change notices the office would have a report to include status/comments and planned finish dates.
- Currently business analysts assign the iTRAC request to buyers and then develop a schedule based on current SLAs. The byers will then finalize the agreed to schedule with the agency.
- If a schedule is not met the agency and buyer will get back together to reset the schedule and a formal change will be provided to increase transparency
- The system allows you to sort within your agency
- Expected to be implemented by April/May 2016 – possibly beforehand.

? How is the staffing going – what did you fill with the 19?

- Ran through general hires, and open vacancies

What is the role of the Business Analyst?

- Assisting division directors and buyers
- Will be critical to ChangePoint – reviewing status of projects and reporting to division directors
- Running reports/ assigning work
- Assist with processing change notices if demand is high/tight schedles
- Research
- Etc. continually developing

Natalie

- Moving depot to the GSB Warehouse in April. April 1 – 10 there may be impact on delivery and depot buys
- Anticipate that shipping will stop before April 1

FYI MMCC out for bid and expect award in summer–

- VMS – change to how vendor sent to Ad Board and informational meeting scheduled for 2/11/16 in State library. Notice will be sent.

Hi Heather:

Thanks. It's been extremely busy with the Flint Flood and we have a couple of other big projects related to lead as well. I've had daily briefing in the am and again in the pm which makes my time to get routine workload completed. I want to participate on the Friday standing meetings to review the new procurement manual, but it may be a few more weeks when things finally settle down and we know how much longer we're going to have soldiers deployed for the Flint Water Crisis.

Thank You,
Kimberly Graham, Buyer Manager

Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

Roy:

Thanks for speaking with me this morning. Sorry you are so slammed with the Flint water situation, but when you have time I would love to come in with Rich so we can make sure we are servicing your needs.

Per our conversation - here's what Rich sent regarding your box of letters. He's happy to come speak with your Service team to help them understand the process & what/where to go to find which vehicles need what service done.

Just let me know at your convenience what we can do to help.

Connie

Subject: RE: Recalls for State of MI

Connie,

Sending the letter is a requirement of us by regulation or law. This particular on is a notification of extended coverage for a component which we believe does not deliver the life we would expect. It is not a safety recall…there are several varieties of field actions…safety, emissions, etc.

That being said, I do have some means to streamline their process, regardless of field action type.

If they want to supply me with a spreadsheet monthly, as a practice and whenever if the need arises, I can run a batch report which organizes ALL their recalls on a spreadsheet. They can them manipulate the data to disperse to their various pool managers, or individuals. At the very least, their garage/pool managers should be notified of any impending field actions.

They can do as they please with the hard copy letters, but we have to keep sending them.

Ed, do you have anything to add?

Todd, and Connie….this process can be implemented with any account who shares a need. Call me if you need clarification on what I am able to do to streamline the process. BTW, I think I have asked for these VINs in the past, but never was contacted by the State.

Thanks,

Rich Moore

Subject: FW: Recalls for State of MI

Can you please take a look at the attached. Brian and I were with them on Thursday and they presented us with the letter & box

The letter is just ONE of many (a US Post office box full) that the State of MI has received. What are they supposed to do? This is a huge undertaking for them to get the letter to each vehicle driver – should they keep each letter.

Just looking for some guidance.

Connie

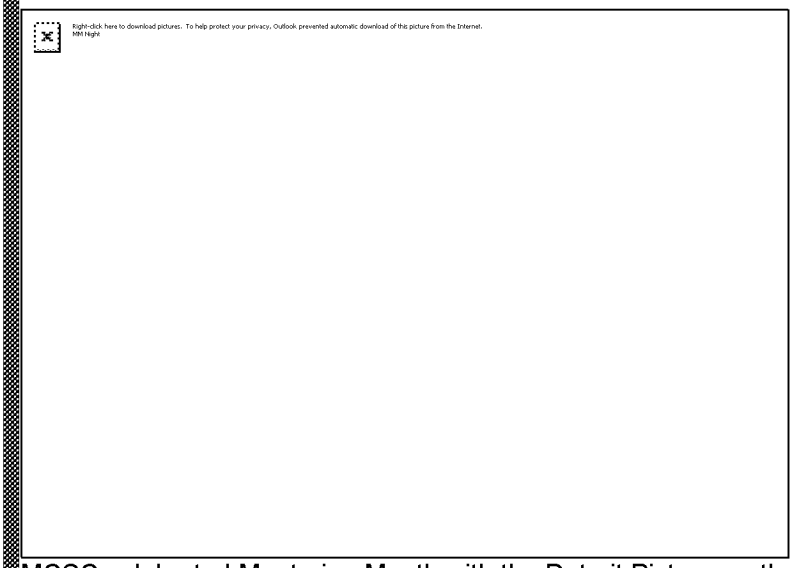
MCSC celebrates Mentoring Month with the Detroit Pistons



MCSC celebrated Mentoring Month with the Detroit Pistons as the two organizations teamed up to host Mentor Michigan Night at the Palace of Auburn Hills. More than 100 people involved with mentoring programs attended the event.

Mentor Michigan redevelops Quality Based Mentoring Standards

In September 2015, MENTOR: the National Mentoring Partnership released the 4th edition of the Elements of Effective Practice for Mentoring. In response, Mentor Michigan has redeveloped Quality Based Mentoring Standards in order to reflect the most up-to-date research in the mentoring field. This new and improved system will enable us to increase our level of engagement with mentoring programs, ensuring that all youth in Michigan receive the level of support they need. Quality Rated Programs will receive special offers and opportunities for national exposure.

Governor's Service Awards nominations now open

MCSC is now accepting nominations for the 2016 Governor's Service Awards. The form can now be filled out online. Nominate a volunteer, organization or national service program today!

Michigan's AmeriCorps

National service agency deploys AmeriCorps team to assist with Flint water emergency

The Corporation for National and Community Service (CNCS) announced it is deploying an AmeriCorps team to Flint, to support state and local efforts to protect the public health of residents facing challenges from increased lead levels in the Flint water supply.

"National service is all about getting things done to solve local problems, and we are committed to supporting Flint at this time of need," said Wendy Spencer, CEO of CNCS.

Funding Alerts

Scotts Miracle-Gro GRO1000 Grassroots Grants

The Scotts Miracle-Gro Company's GRO1000 Grassroots Grants help foster the development of gardens and green spaces in the United States. Grants of up to $1,500 are awarded to local communities throughout the country to help bring edible gardens, flower gardens and public green spaces to more neighborhoods.

Teacher Vision Grants

American Electric Power will combine your teaching talents and creativity with our resources and desire to help you make a difference in your students' lives. Available for teachers of pre-k through grade 12 with projects that have an academic focus and a goal to improve student achievement. Grants range from $100 to $500.

Kars4Kids Grants

Kars4Kids is constantly on the lookout for like-minded charities which share our values and are working hard to make a difference

in the areas of education and youth development. Grants typically range from $500-$2,000, depending on mission alignment and availability of funds.

Walmart Foundation State Giving Program
Applications will be accepted for programs within the scope of one of the following focused giving areas: career opportunity, hunger and healthy eating or disaster preparedness. Grants range from $25,000 to $250,000.

National Arts and Humanities Youth Program Awards
The National Arts and Humanities Youth Program Awards, sponsored by the President's Committee on the Arts and the Humanities, recognizes excellence in after-school and out-of-school arts and humanities programs for underserved children and youth. Twelve winners will receive a $10,000 award and an invitation to accept their award at a White House ceremony.

Volunteer opportunities

Junior Achievement of Mid-Michigan
Junior Achievement offers programs to teach young people career and life skills. JA programs are five to seven sessions usually taught over the course of several weeks to students in K-12th grade.

Willow Farm Therapeutic Riding
Willow Farm Therapeutic Riding serves as a center for continual development, implementation and evaluation of a therapeutic riding program for children and young adults between the ages of 4 and 26, all of whom have a physician-diagnosed disability. Volunteer opportunities include sidewalkers and horse leaders.

Feeding America West Michigan
Feeding America West Michigan Food Bank provides food to 492,100 people in need each year. In one hour, volunteers can help distribute 150 meals.

About the MCSC

The Michigan Community Service Commission utilizes service as a strategy to address the state's most pressing issues and empowers volunteers to strengthen communities. In 2015-2016, the MCSC is granting more than $7 million in federal funds to local communities for volunteer programs and activities. The MCSC is funding 29 AmeriCorps programs and four My Brothers Keeper grantees. The Governor's Service Awards and Mentor Michigan are also premier programs of the MCSC. www.michigan.gov/volunteer

Roy,

We have John Lance John Patterson and Kevin Moe driving trucks up in Flint. Here in the garage we had Pat Miller, Steve Kline, Dan McCarthy, Brian Coffman, Mike Reeves, Bob Rupert, Scott Martin, Todd Kunze, Cletus Dahl, Scott Numeric, Brent Thompson, and Gary Shaw got 13 minivans ready to go to Flint. Cletus Dahl drove one of the minivans up to Flint. Mike Wonn coordinated getting large trucks and minivans ready and up to Flint and also getting some repairs done and one truck swapped out at the rental company to keep them running while up in Flint.

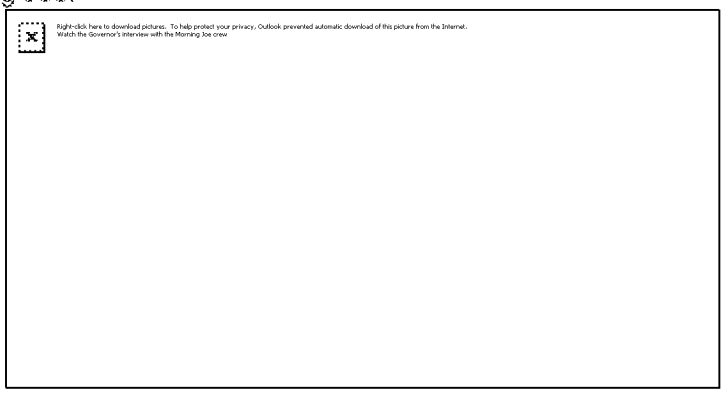
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

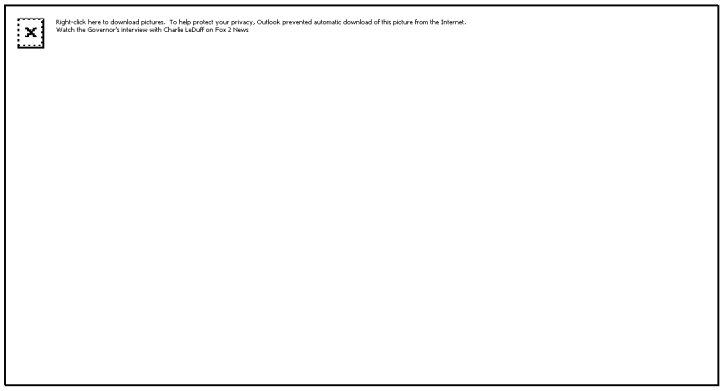
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

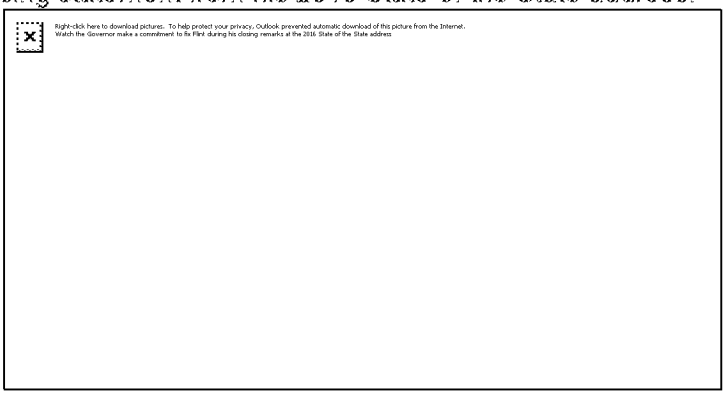
"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm came from people who worked for me, and I feel responsible for that. But I am committed

to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

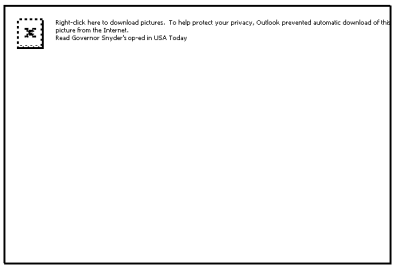


Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.



Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

Subject: Flint Volunteer Efforts

Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director

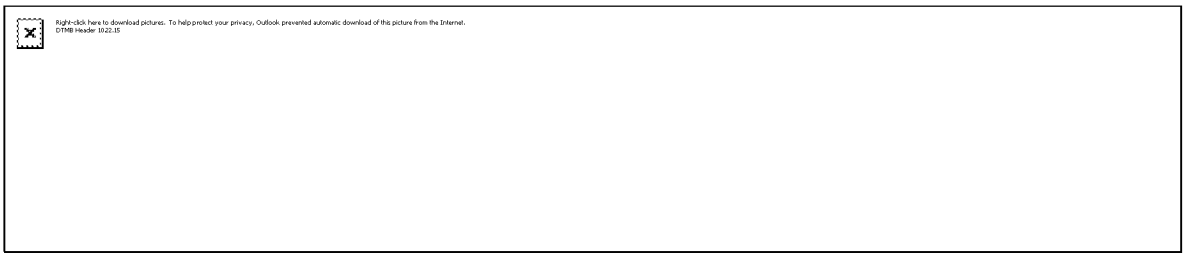
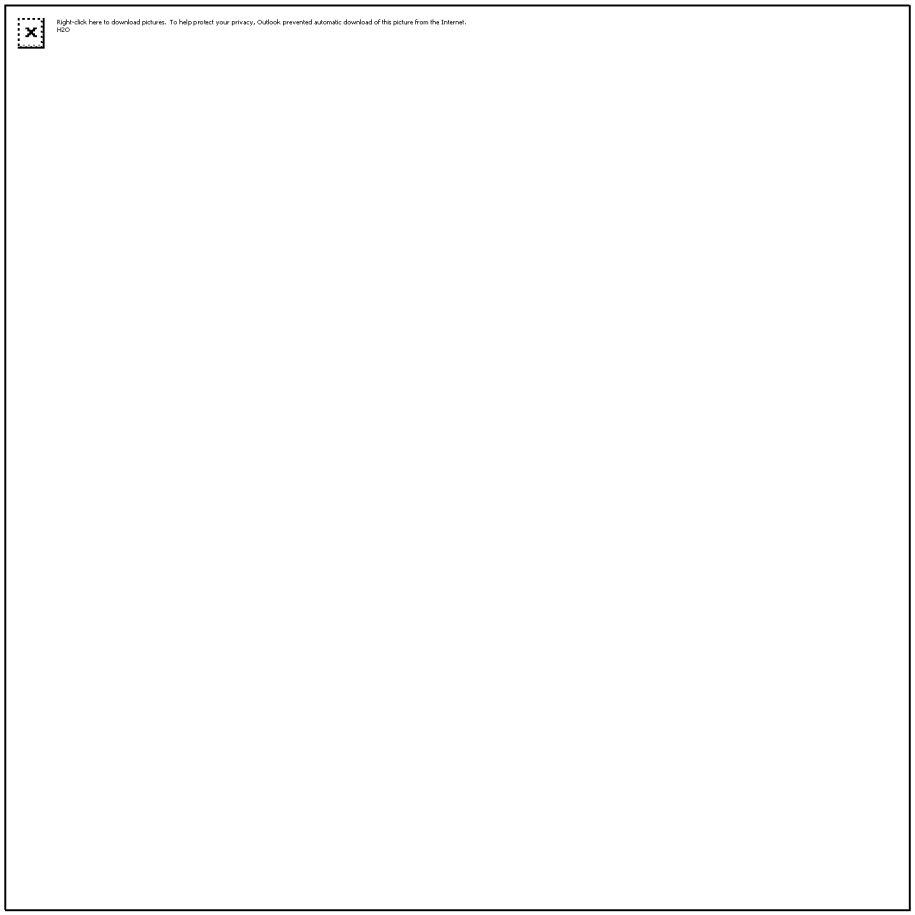
Subject: Contributing time, muscle and money



During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

Thank you very much for shipping the fuel card over to me today. I put it to use as the fuel gauge was bouncing on empty when I received the card. Do you need the receipt for that fuel or is it automatic in the system?

As I had made mention earlier this week, I should take a break from the craziness in Flint. Have you found a temporary replacement driver to fill my shoes yet for a week or two as I am supposed to take possession of my new home February 5th? I would be more than willing to return to Flint following a short break if the powers to be determined would prefer me to return. Department of Corrections has taken over the warehouse aspect of products coming in and going out. The Red Cross has left for the most part and seem to been running a skeleton crew for neighborhood deliveries. FEMA is still in control of inventory counting and preparing a long term arrangement. I have been running crazy with coordinating and running "hot shot" deliveries from beginning of day to end of day. The businesses, community centers, churches, assisted living facilities, and apartment complexes are appreciative of our efforts when I show up to deliver several pallets of water, faucet filters kits, replacement cartridges, and lead test kits to their locations.

FROM THE DESK OF DAVE LORENZ

As the Pure Michigan Snow Day promotion continues, it's been great to see so many in the travel industry send in their snow day dance videos and share their "snow day" adventures via social media. On Monday, we hosted a #PureMichiganSnowDay Twitter chat discussing ways to take a Pure Michigan Snow Day – a special thank you to everyone who participated and especially to Shanty Creek and Stormy Kromer for offering our fans terrific giveaway items.

If interested in re-living the chat and seeing comments and reactions from our fans, check out posts from January 25 on the Pure Michigan twitter page from noon – 1 p.m.

I've had the opportunity to be in northern Michigan for several meetings the past two weeks and although I haven't yet had time to throw on the skis myself, it's been rewarding to see the buzz of activity at our resorts. We're hopeful the pent-up demand that was created by a slow to develop winter will drive travel to ski, snowmobile and do all of the other things we love to do at this time of year.

The big challenge we are dealing with right now is the water contamination issue in Flint. I know you are as concerned as I am for all of those who have been affected by the situation. I can only say that I'm confident that everything that can be done to find solutions, will be done.

For those of us in the travel industry – we can do our part to help by doing what we do best. Let's stay positive promoting the great State of Michigan as a premier place to visit, four seasons of the year. By doing so we'll continue to positively impact our economy, generating jobs and revenue, which can be used to benefit our entire society.

This state has faced many challenges over the years and we have always come together in unity to resolve our issues. Let's hang tough and support Flint and everyone working to make things right. For more information on what is happening in Flint visit www.michigan.gov/flintwater and to find out how you can help visit www.helpforflint.com.

Last, but not least, Happy 179th Statehood Day Michigan! Hear what folks love most about Pure Michigan in this statehood video.

Sincerely,

Dave Lorenz, Vice President Travel Michigan

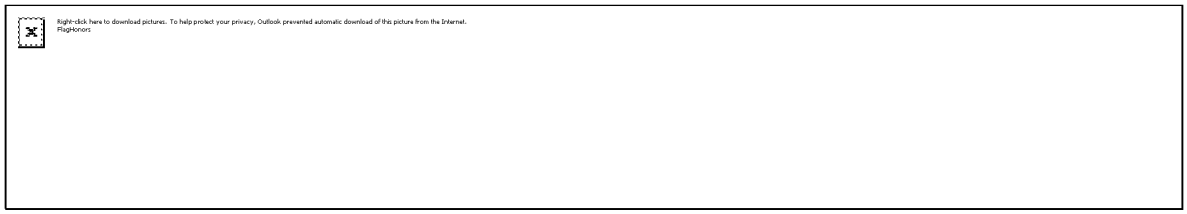
Subject: Thank you for your service



THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Governor Rick Snyder

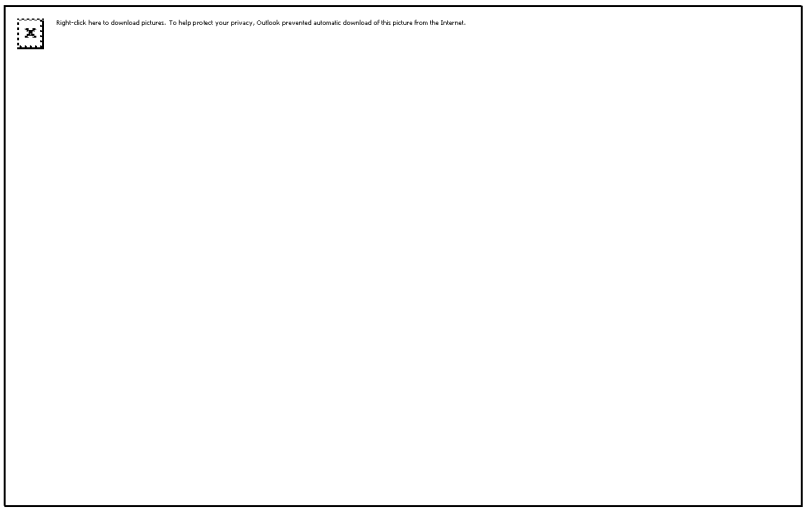
2016 Jennings Randolph International Fellows announced

APWA, in association with the APWA International Affairs Committee and the Eisenhower Institute at Gettysburg College (EI), are pleased to introduce the 2016 Jennings Randolph International Fellows: Bruce L. Kaplan and Matt Rodrigues. Bruce and Matt were chosen from a field of 18 applicants, and will be participating in this unique international study and professional exchange opportunity to promote collaboration and the sharing of public works best practices.



Bruce L. Kaplan, ACIP CTP, Manager, Transportation Systems Analysis Group, Central Transportation Planning Staff, Boston, MA (*pictured above*, *left*) will study the waterfront redevelopment experience of Auckland, New Zealand, specifically concerning its central rail terminal, the Britomart Transport Centre, to compare and contrast the waterfront renaissances in Boston and Auckland. He will make presentations at the Institute of Municipal Public Works Engineering (IPWEA) New Zealand Conference in June, 2016.

Matt Rodrigues, PE, ENV SP, Principal Engineer, Public Works Engineering, City of Eugene, OR (*pictured above*, *right*) will conduct a public works study tour in Malmo, Sweden relating to Sweden's implementation of the Vision Zero Initiative to eliminate transportation-related fatalities and serious injuries. He will make a presentation at the Swedish Association of Municipal Engineers' (SKT) Annual Conference in September, 2016. In addition, Matt will extend his study tour to Copenhagen, Denmark to learn about Denmark's Road Safety Action Plan, which is similar in goals to Sweden's Vision Zero Initiative. *Click here to learn more about the Jennings Randolph International Fellowship Program!*

Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments

When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.

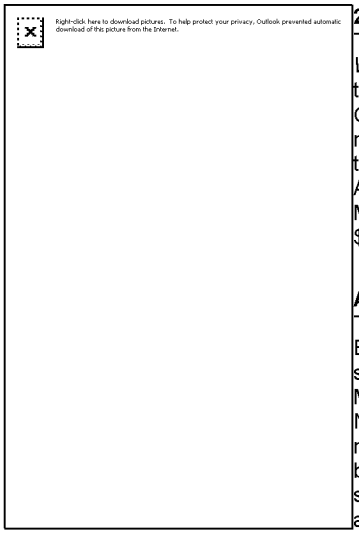
2016 NPWW posters now available!

APWA is proud to introduce our 2016 National Public Works Week (NPWW) poster! Since 1960, APWA has sponsored NPWW, and across North America, our more than 29,000 members in the U.S. and Canada use this week to energize and educate the public on the importance of public works to their daily lives: planning, building, managing and operating at the heart of their local communities to improve everyday quality of life.



2016 NPWW Poster
The 2016 NPWW poster theme is *"Public Works Always There."* This theme showcases the pervasiveness of public works. Communities depend on public works, and the men and women of the profession are always there and always ready. Dimensions: 20" x 30". APWA or CPWA logo options available. Member Price: $13.00. Non-Member Price: $16.00.

About the Artist
The artwork for our 2016 poster was done by British-born artist, Michael Crampton. After studying at the Art Center College of Design, Michael went on to become the Art Director at Neiman Marcus in Dallas. After six years, he moved to New York City and now freelances both here in the U.S. and in Europe. his favorite subjects include lifestyle and travel, and his artwork tends to evoke a sense of romance found in posters from an earlier era. *Get your 2016 NPWW poster from the APWA Store before they sell out!*

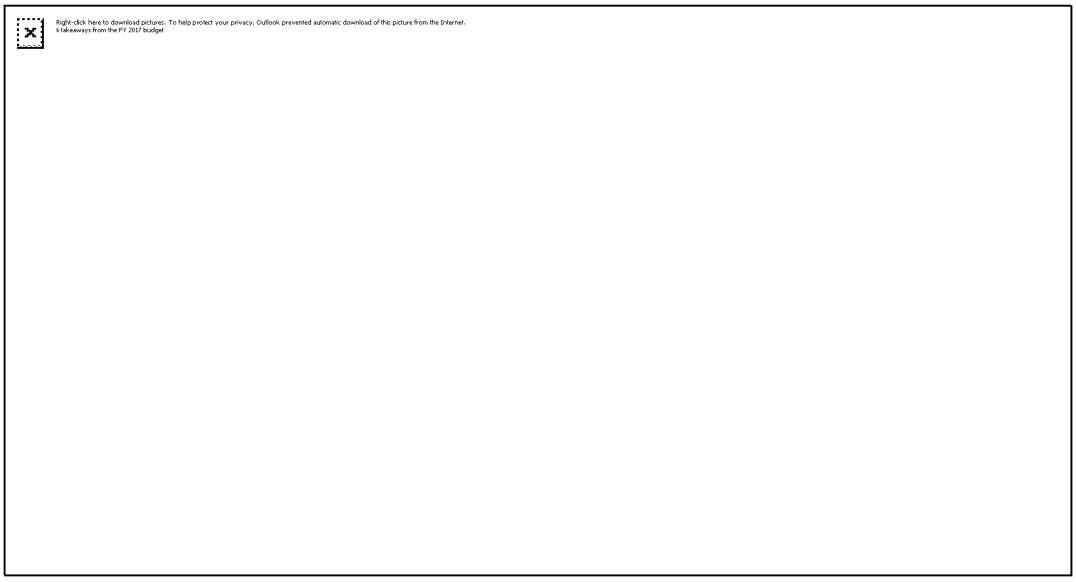
Subject: What this year's budget means for Michigan...

VIDEO: What Governor Snyder's FY17 budget means for Michigan



Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.

Click a tweet to tweet it out:

The #MIBudget @OneToughNerd proposed yesterday makes key investments to strengthen Michigan for all families --> www.mi.gov/MIBudget

--> @OneToughNerd's #MIBudget includes $72 million a year for Detroit Public Schools. It is time to act now -- > www.mi.gov/MIBudget

--> @onetoughnerd's significant investment in #Flint families is the right thing to do. #FlintFWD #MIBudget www.mi.gov/MIBudget

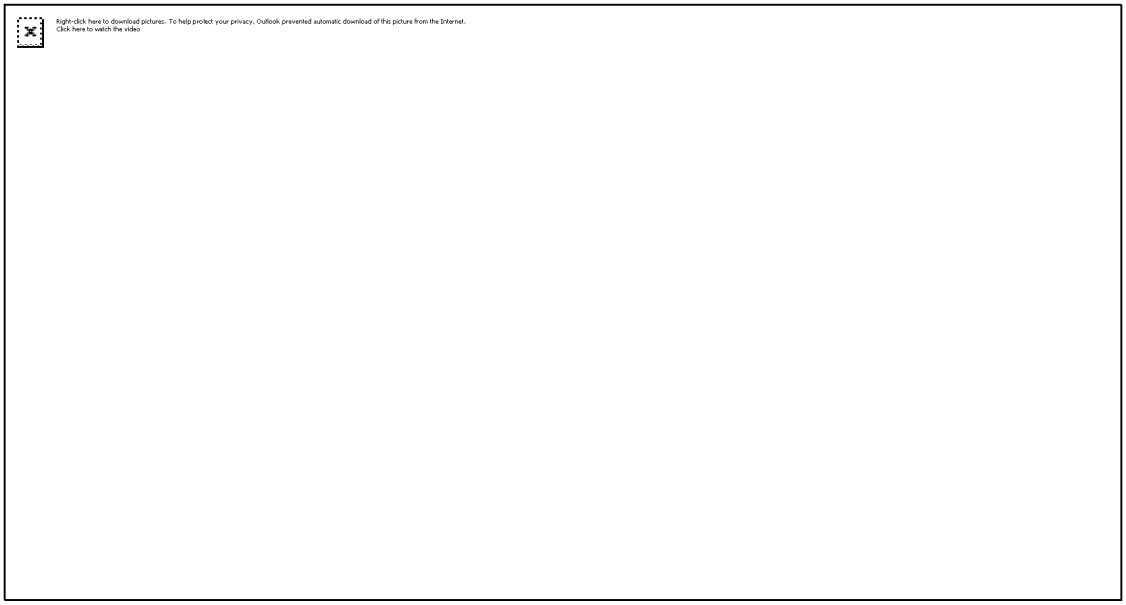
Subject: VIDEO: Volunteering in Flint

VIDEO: How volunteers are helping Flint



Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

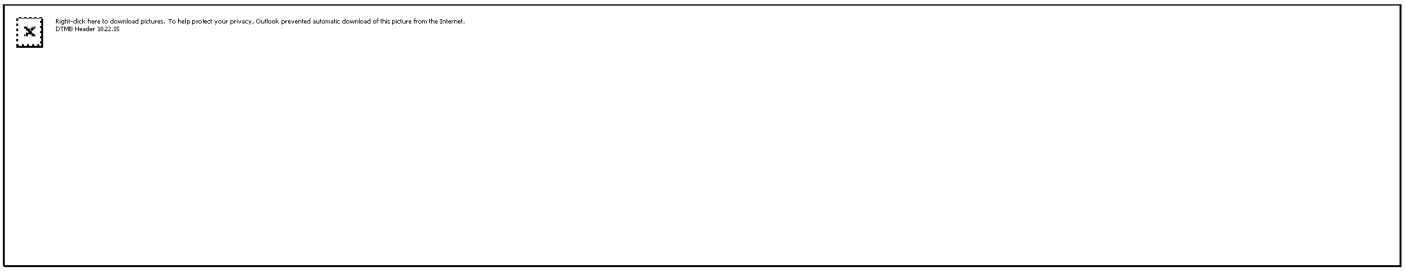
From: DTMB Director and CIO David Behen <dtmb@govsubscriptions.michigan.gov>
Sent: Wednesday, February 17, 2016 10:10 AM
To: Cischke, Roy (DTMB)
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

Volvo Group Reorganizes by Truck Brands

The Volvo Group is reorganizing based on truck brand, a move the Sweden-based global truck and engine maker says "offers clearer commercial accountability" for the group's various truck brands.

Ohio Trucking Company Organizes Bottled Water Drive for Flint

Kevin Burch grew up in Flint, Mich.,, so it's only natural that he would start a campaign to get trucking companies involved in providing bottled water to the city whose water has been poisoned by dangerous levels of lead.

Spot Freight Rates Continue Freefall

First, the good news. Last week's winter storms had minimal effect on spot market truckload freight rates and load-to-truck ratios. Now, the bad news. Both managed to slip all on their own, with rates in the three major sectors being the lowest in at least the last four weeks.

Time Off Positively Impacts Driver Performance, Study Shows

Carriers can improve the productivity and performance of drivers by meeting their requests to take time off, according to the results of a recent study conducted by Stay Metrics.

Economist: Low Risk of U.S. Recession

The odds of a recession in the U.S. during the first three quarters are low, according to Bob Dieli, president and founder of RDLB, Inc.

Accuride Rolls Out Anti-Corrosion EverSteel Wheel Technology

At HDAW, component supplier Accuride launched its EverSteel wheel technology, designed to prevent corrosion in steel wheels, as well as two new lightweight aluminum wheels.

Subject: Employee Overtime

Shelly/ / Mike / Mark -

Could you provide names of employees and overtime accrued for the past two pay periods? Here after I will need the information provided the Monday after payroll. The goal is to obtain reimbursement for the overtime (at least).

Also, if you have others that have helped with the Flint emergency, please include them too (would like Communications do a story when the crisis is over).

Thank you!

Jeanette

VTS NEWS……

- VTS consultants met with GM Fleet Account Executive Connie Scarpelli and GM Sales Support and Police Vehicle Specialist Todd Little to discuss the delay of the Impala Limited and Chevrolet truck issues. The production of the fleet Impala Limited was delayed from December 10th through January 14th with final vehicle orders being excepted through mid-January.

- Staff from the VTS Garage and Canfield Equipment worked together in an effort to save costs on beacons and hood signs for MSP vehicles. Canfield Equipment picked up, from VTS, a large quantity of used beacons and hood signs that have been removed from retired MSP vehicles. These used beacons and hood signs will be reconditioned and reuse on new MSP vehicles. MSP is not required to purchase all new parts for their patrol vehicles, so by recycling these items, it saves money.

- A number of VTS staff attended the 2016 North American International Auto Show held at the Cobo Center in Detroit. This is an opportunity to preview the new model vehicles on display and talk with company representatives about current and future product offerings. Vince Reynolds and Ronda Greko also had the opportunity to attend the "Pre-Show" Product Preview" and talk one-on-one with Ford and Chrysler Representatives along with Company Executives, Engineers and Designers.

- GPS Telematics Update: VTS Consultants working with their Telematics Vendors and participating departments continue to meet and discuss reporting options, what works and what doesn't, and any issues that come up. Vince Reynolds attended a high level meeting with MDARD Deputy Director, Division Directors, Supervisors, and Managers who met with GPSInsight Representatives. GPSInsight demonstrated the overall capabilities and limitations of the system. They also showed some of the reporting functions. This presentation was scheduled to determine what educational opportunities might be used with the pilot participants. The presentation was received very highly by the MDARD staff and online, follow-up sessions were scheduled for the following week so that the attendees could observe the system function in real time.

- Beginning January 13th, VTS Garage employees John Lance, Kevin Moe and John Patterson have worked many hours, seven days a week, while putting their family and VTS duties second, assisting with water delivery efforts in Flint. Their primary mission has been to transport pallets of bottled water from a central warehouse to various fire departments. We thank them for their efforts along with their dedication to helping the people of Flint.

- VTS Garage staff loaded a cube truck full of surplus plastics and delivered to Louis Padnos for recycling.

COV DEJ NTAWM FLINT

www.mi.gov/FlintWater

Michigan 2-1-1™

Tau Tiv Toj. Tau Cov Lus Teb.

Hu Rau United Way 2-1-1 yog koj muaj lus nug, xav xa nyiaj mus pab, lossis koj xav ua haujlwm pab dawb.

KEV NQIS TES UA
COV DEJ HAUV NTAWM FLINT

SIV COV DEJ NTAWM LUB TAUB LIM

- Siv ua zoub mov noj
- Ntxuav txiv ntoo thiab zaub
- Txhuam hniav
- Siv rau tsiaj haus

SIV COV DEJ TSIS TAU LIM

- Ntxuav tes
- Da dej

KEV NTSUAS THEEM TSHUAJ TXHUAS HAUV COV NTSHAV

Txhua cov menyuam yaus hauv Flint hnub nyoog qis dua rau xyoo yuav tsum tau kuaj ntsuas theem tshuaj txhuas hauv cov ntshav. Hu rau koj thawj tus kws khomob lossis hu rau 2-1-1.

KHOOM NOJ ZOO

Koj puas paub tias qee yam khoom noj yuav pab tshem cov tshuaj txhuas tawm hauv tus menyuam lub cev? Noj cov zaub mov uas muaj calcium, vitamin C thiab iron ntau.

KUAJ NTSUAS DEJ DAWB

Cov neeg nyob hauv Flint uas muaj kev txhawj xeeb txog lawv cov dej tuaj yeem tau txais cov cuab yeej ntsuas dej ntawm cov chaw tsim dej.

SIV LUB TAUB LIM DEJ THIAB DAIM LIM DEJ

Cov taub lim dej tuaj yeem txo tau cov tshuaj txhuas kom muaj tsawg thiab lwm yam sub tsuag tau 99% thaum nruab rau raug zoo. Cov taub lim dej muaj pub dawb rau ntawm qhov chaw tsim dej.

THAUM XAV TAU KEV PAB SAI SAI

HU 2-1-1

Tshuaj Xyuas Cov Kev Sim thiab Ntsuas

Txhua lub tsev uas tau tsim ua qhov chaw ntsuas yuav muaj pab pawg kuaj ntsuas, cov kws kho dej, thiab cov neeg ua haujlwm ntxiv uas tau txais tso cai tuaj tshuaj xyuas. Pab pawg kuaj ntsuas yuav piav qhia tias tuaj saib txog dab tsi thiab khauj ruam yuav ua txuas ntxiv yog dab tsi. Tus kws kho dej raug tso cai los ua kom tiav qhov kev ntsuas dej nyab rau hauv tsev. Pab pawg kuaj ntsuas yuav qhia rau cov neeg hauv tsev txog kev tu lawv lub tshuab cua li cas thiab yuav kuaj ntsuas dej ntxiv ntawm tus kheej li cas.

Txhua cov ntsuas tau los tau muab nthuav tawm rau hauv online txhua hnub ntawm: www.michigan.gov/flintwater.

Txhua qhov ntsuas tau los yuav muab xa mus rau cov neeg raws Tebchaws Asmeskas qhov chaw xa ntawv.

Yog tias cov ntsuas tau los hauv koj lub tsev yog ntau dua li 150 feem toj ib txhiab lab (ppb), koj yuav tau rov tuaj ntsib hauv 48 teev.

Nyob hauv 48 teev ntawm cov ntsuas tau los muaj ntau dua 150 ppb, yuav tau mus ntsib tom tsev. Kev mus ntsib hauv tsev muaj xws li:

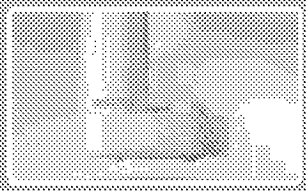
1) Cov ntaub ntawv noj qab haus huv thiab nyob zoo.
2) Xa cov ntshav coj mus kuaj ntxiv.
3) Nqi musj los rau tom qhov chaw teem caij ntsuas.
4) Muab cov taub tej, taub lim dej thiab cov khoom siv rau.

Yog cov ntsuas tau los hauv koj lub tsev ntau dua 100 ppb tab sis tsawg dua 150 ppb, koj yuav tau tuaj ntsib hauv 7 hnub.

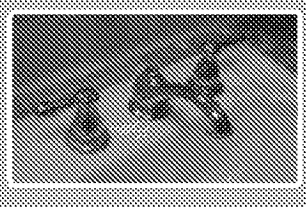
Cov vis dis aus qhia hloov lub Taub Lim dej thiab ntsuas dej tuaj yeem nrhiav pom ntawm www.michigan.gov/flintwater hauv qab kab ntawv Media Center tab.

Nov yog qee yam koj tuaj yeem nqis tes ua:

Nruab lub taub lim dej NSF uas raug lees paub thiab hloov raws li lub chaw tsim khoom phau ntawv qhia. Cov taub lim no tej zaum kuj tau dawb

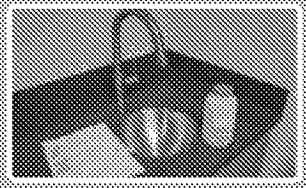


Hloov tus kais dej qub thiab cov lim dej uas yuav muaj cov tshuaj txhuas khub.



Nquag ntxuav lub taub tshuab cua tas li kom tshem cov sub tsuag tawm.

Nqa tus kheej cov dej coj mus ntsuas.



Kev rhaub koj cov dej yuav TSIS tshem tawm cov tshuaj txhuas!

Michigan 2-1-1™
保持联系。获得答案。

如果您有疑问、想要作出捐赠或提供志愿服务，请致电联合劝募会 2-1-1。

Disaster Distress Helpline

需要进行危机咨询的弗林特居民可致电 Disaster Distress Helpline：800-985-5990，或发送短信 "TalkWithUs" 至 66746。该帮助热线可向任何需要协助的人员提供即时的保密咨询服务。此项资源可全天候提供。说西班牙语的居民可致电 800-985-5990 并按 "2"，或发送短信 "Hablanos" 至 66746。

Genesee Health System
压力咨询

如需咨询 Genesee Health System 的心理健康专家，请致电 810-257-3705。

针对弗林特水资源采取行动

www.mi.gov/FlintWater

Michigan 2-1-1™
保持联系。获得答案。

如果您有疑问、想要作出捐赠或提供志愿服务，请致电联合劝募会 2-1-1。

针对弗林特水资源采取行动

使用过滤的自来水

- 饮用、烹饪
- 刷牙
- 清洗水果和蔬菜
- 宠物水碗

使用未滤过的自来水

- 清洁
- 洗浴

血铅水平检测

所有六岁以下的弗林特儿童都应进行血铅水平检测。联系您的主治医师或致电 2-1-1。

营养

您是否知道有些食物可帮助将铅从儿童的体内排出？食用含有很多钙元素、维生素 C 和铁的食物。

免费水检测

关注其水质的弗林特居民均可在水资源站点获取免费的水质检测套件。

使用滤水器与滤芯

如果正确安装，滤水器可将铅及其他污染物减少 99%。免费滤水器可在水资源站点获取。

即时援助

拨打 2-1-1

后续采样和检测

采样团队成员、有职业资格证的水管工及其他人员将拜访已被安排进行警戒地点检测的所有家庭。采样团队成员将说明为什么进行拜访以及下一步将做什么。有职业资格证的水管工将完成家用水管设施的基本评估。采样团队成员将向居民演示如何清洁其通气装置以及如何完成附加的个人用水检测。

所有实验室检测结果每天都会在以下网站公开发布：www.michigan.gov/flintwater.

所有检测结果均将通过美国邮政署邮寄给居民。

如果您家庭的检测结果大于十亿分之 150 (ppb)，我们将在 48 小时内拜访。

在任何检测结果显示大于 150 ppb 之后的 48 小时内，我们将进行家庭健康访问。家访包括：

1) 健康与保健信息。
2) 非现场验血推荐。
3) 评估获得预约所需的交通工具。
4) 提供额外的瓶装水、过滤器和采样套件。

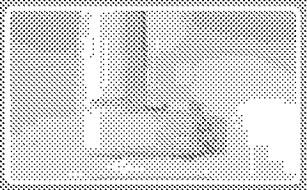
如果您家庭的检测结果大于 100 ppb 但小于 150 ppb，则我们将在 7 天内拜访。

有关滤水器更换和水质检测的教学视频可在 www.michigan.gov/flintwater 的 Media Center（媒体中心）选项卡中找到。

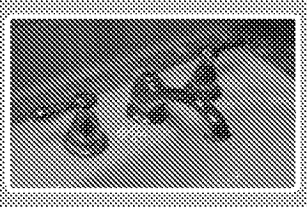
将水煮沸并不能将铅去除！

下面是您可采取的一些行动：

安装经 NSF 认证的过滤器并依照制造商指引进行更换。这些过滤器可免费获取。



更换含铅的老化水龙头和管道。



定期清洁通气装置以去除颗粒物质。

寄送自采水样进行检测。

اتصل على رقم 2-1-1

عينات واختبارات المتابعة

سوف يقوم أحد أفراد فريق العينة وسباك حاصل على ترخيص وموظفين إضافيين بزيارة جميع المنازل المحددة لاختبار الخضوع للمراقبة. سوف يقوم عضو فريق العينة بشرح الغرض من الزيارة وما هي الخطوات القادمة. سيقوم السباك الحاصل على ترخيص مزاولة باستكمال تقييم السباكة الأساسية في المنزل. سيظهر أعضاء فريق العينة للسكان كيفية تنظيف أجهزة التهوية وكيفية استكمال اختبارات المياه الإضافية الشخصية.

يتم نشر جميع نتائج الاختبارات المعملية للجمهور على الانترنت يوميًا على الموقع: www.michigan.gov/flintwater.

سوف يتم إرسال جميع نتائج الاختبار للسكان عن طريق بريد الولايات المتحدة.

إذا كانت نتائج الاختبار الخاصة بمنزلك أكبر من 150 جزء في المليار (ppb)، فسوف يقوم أحدهم بزيارتك في غضون 48 ساعة.

سيتم إجراء زيارة صحية منزلية لأي نتائج اختبار تظهر أكبر من 150 جزء في المليار في غضون 48 ساعة. تشمل الزيارات المنزلية ما يلي:

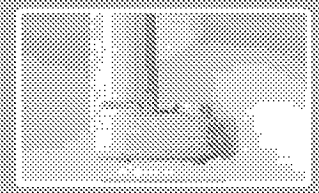
1) معلومات الصحة والعافية.
2) إحالة اختبار الدم خارج الموقع.
3) تقييم احتياجات الانتقال لإجراء الزيارات.
4) توفير المياه المعبأة في زجاجات إضافية، وفلاتر وأدوات أخذ عينات.

إذا كانت نتائج الاختبار الخاصة بمنزلك أكبر من 100 جزء في المليار (ppb) ولكن أقل من 150 جزء في المليار (ppb)، فسوف يقوم أحدهم بزيارتك في غضون 7 أيام.

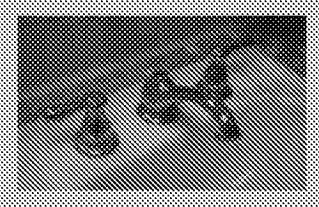
يمكنك الاطلاع على مقاطع فيديو تعليمية بشأن استبدال فلتر المياه وإجراء اختبارات المياه على www.michigan.gov/flintwater تحت علامة تبويب المركز الإعلامي.

فيما يلي بعض الإجراءات التي يمكنك اتخاذها:

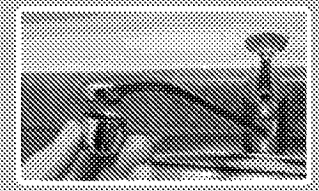
تركيب فلتر مرخص من المؤسسة الوطنية للعلوم واستبدالها وفقًا لإطار المبادئ التوجيهية لجهة التصنيع. ويمكن الحصول على هذه الفلاتر مجانًا



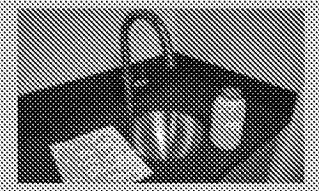
استبدال الحنفيات وتركيبات السباكة القديمة التي تحتوي على مكونات الرصاص



التنظيف المنتظم لجهاز التهوية لإزالة الجسيمات العالقة



إرسال عينات المياه الدائية للاختبار



إن غلي المياه لن يزيل الرصاص!

TOMANDO MEDIDAS
AGUA DE FLINT
www.mi.gov/FlintWater

Michigan 2-1-1™

Comuníquese. Obtenga respuestas.

Llame a United Way 2-1-1 para plantear sus dudas, hacer donaciones u ofrecerse como voluntario.

TOMANDO MEDIDAS
AGUA DE FLINT

USE AGUA DEL GRIFO FILTRADA

- Para beber y cocinar
- Para lavar frutas y verduras
- Para cepillarse los dientes
- Para las cubas de agua de las mascotas

USE AGUA DEL GRIFO SIN FILTRAR

- Para limpiar
- Para bañarse

PRUEBA DE NIVEL DE PLOMO EN SANGRE

Todos los niños de Flint menores de seis años deben hacerse el examen de nivel de plomo en sangre. Contáctese con su médico de cabecera o llame al 2-1-1.

NUTRICIÓN

¿Sabía que algunos alimentos ayudan a que el plomo no se almacene en el cuerpo de los niños? Consuma alimentos ricos en calcio, vitamina C y hierro.

PRUEBA DE AGUA GRATUITA

Los residentes de Flint que tengan dudas acerca del agua pueden obtener equipos gratuitos de pruebas de agua en los sitios de recursos hídricos.

USE FILTROS DE AGUA Y CARTUCHOS FILTRANTES

Los filtros de agua pueden reducir el nivel de plomo y de otros contaminantes en un 99 por ciento si se instalan correctamente. Los sitios de recursos hídricos ofrecen filtros de agua gratuitos.

PARA AYUDA INMEDIATA

LLAME AL 2-1-1

Muestreos y pruebas de seguimiento

Los hogares seleccionados como puntos de muestreo serán visitados por un miembro del equipo de muestreo, un plomero certificado y personal adicional. El miembro del equipo de muestreo explicará el motivo de la visita y los pasos subsiguientes. El plomero hará una evaluación básica de las cañerías de la casa. El miembro del equipo de muestreo mostrará a los residentes cómo limpiar sus aireadores y cómo hacer otras pruebas de agua en forma particular.

Los resultados de las pruebas de laboratorio se publican diariamente en internet en: www.michigan.gov/flintwater.

Los resultados de las pruebas se enviarán a los residentes por el correo postal de Estados Unidos.

Si los resultados de las pruebas de su casa son mayores a 150 partes por mil millones (ppb), se le hará una visita dentro de las 48 horas siguientes.

Dentro de 48 horas después de cualquier prueba que muestre más de 150 ppb, se realizará una visita. Esta visita de cuidado de la salud en el hogar incluye:

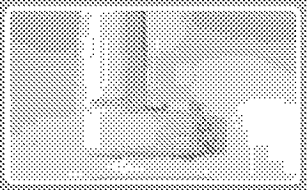
1) Información sobre bienestar y salud
2) Derivación para un análisis de sangre
3) Evaluación de las necesidades de transporte para concurrir a las citas.
4) Provisión adicional de agua embotellada, filtros de agua y equipos de muestreo.

Si los resultados de las pruebas de su casa son mayores a 100 ppb, pero menores a 150 ppb, se le hará una visita dentro del lapso de siete días.

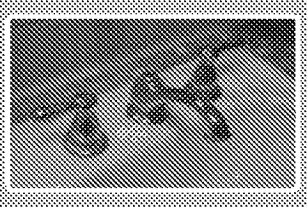
Puede ver videos instructivos sobre la sustitución de filtros y las pruebas de agua en www.michigan.gov/flintwater en la pestaña Centro de Medios.

Algunas medidas que puede tomar:

Instale un filtro certificado por la NSF y repóngalo de acuerdo a las pautas del fabricante. Puede obtener los filtros en forma gratuita.



Reemplace los grifos antiguos y los elementos que contengan componentes de plomo.



Limpie los aireadores en forma periódica para eliminar las partículas contaminantes.

Envíe muestras del agua de su hogar para que sean analizadas.

¡Hervir el agua NO elimina el plomo!

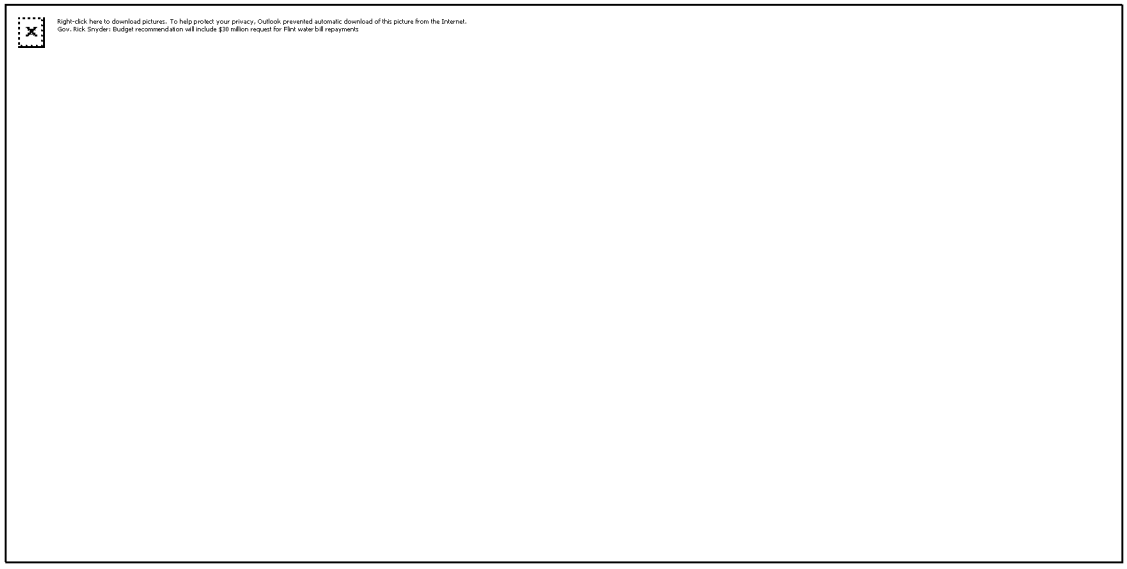
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.

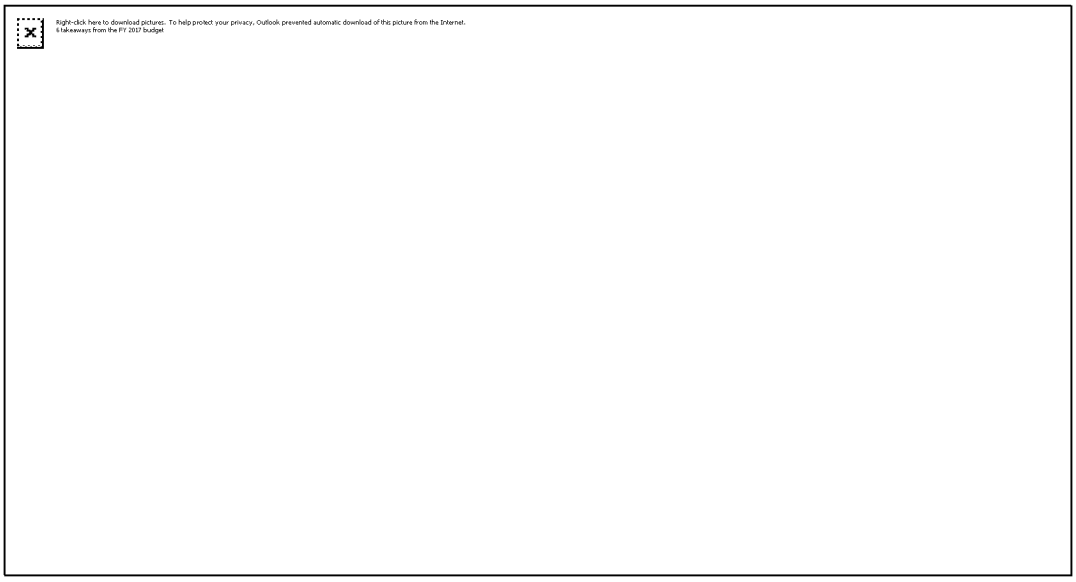
VIDEO: What Governor Snyder's FY17 budget means for Michigan



Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.

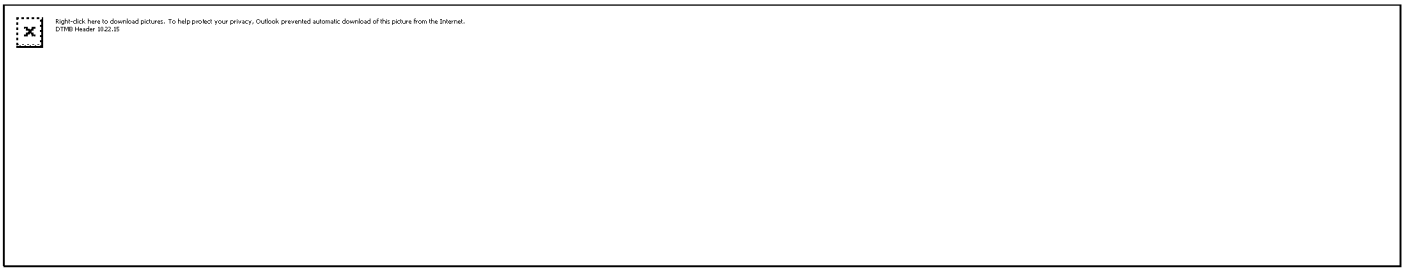
From: DTMB Director and CIO David Behen <dtmb@govsubscriptions.michigan.gov>
Sent: Wednesday, February 17, 2016 10:10 AM
To: Cooley, Tom (DTMB)
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for

14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

From: State of Michigan <MISOM@govsubscriptions.michigan.gov>
Sent: Thursday, January 14, 2016 5:23 PM
To: Cooley, Tom (DTMB)
Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

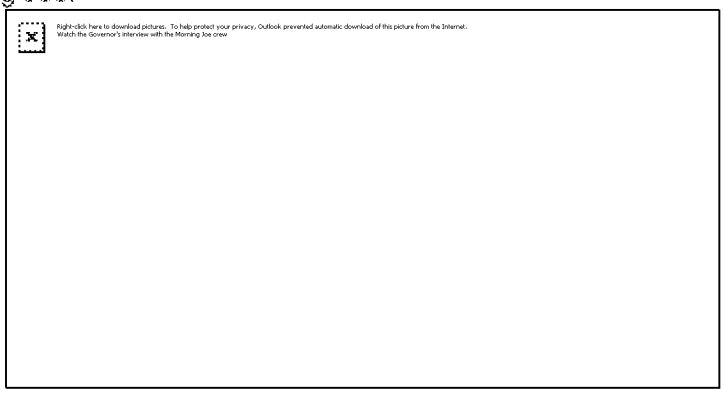
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

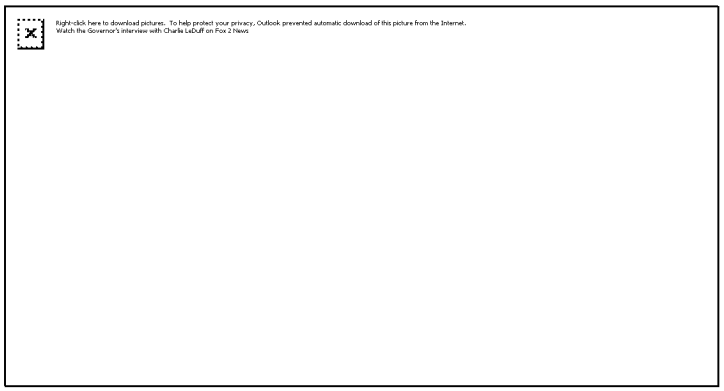
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm

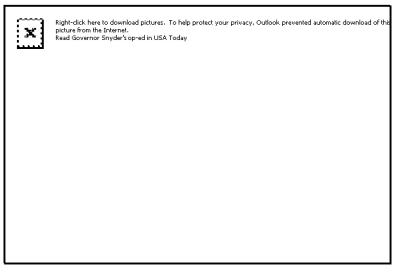
came from people who worked for me, and I feel responsible for that. But I am committed to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.



Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.

Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

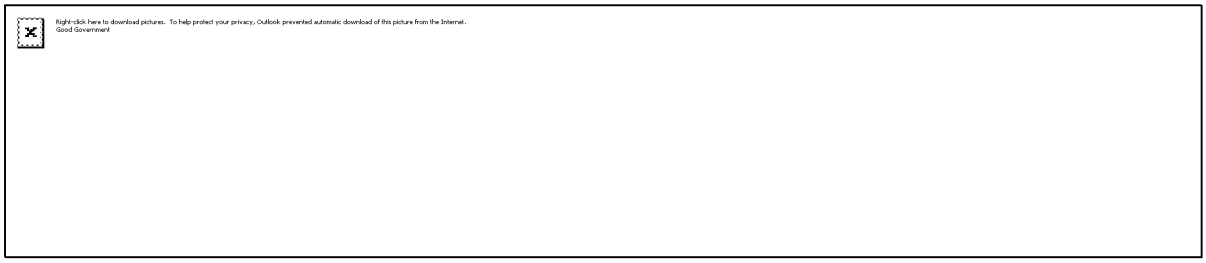
Subject: Flint Volunteer Efforts



Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

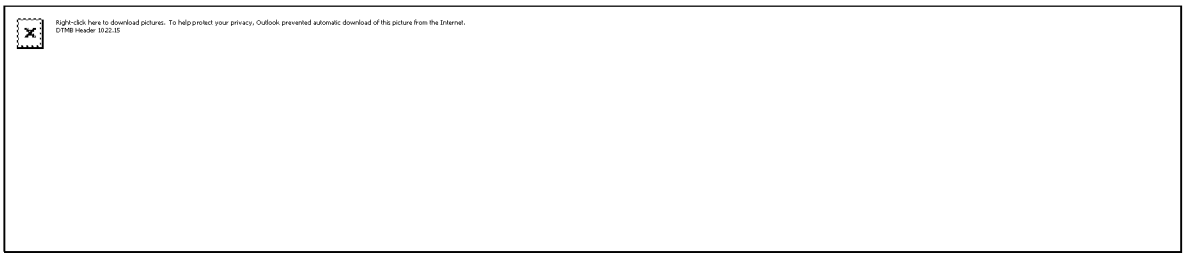
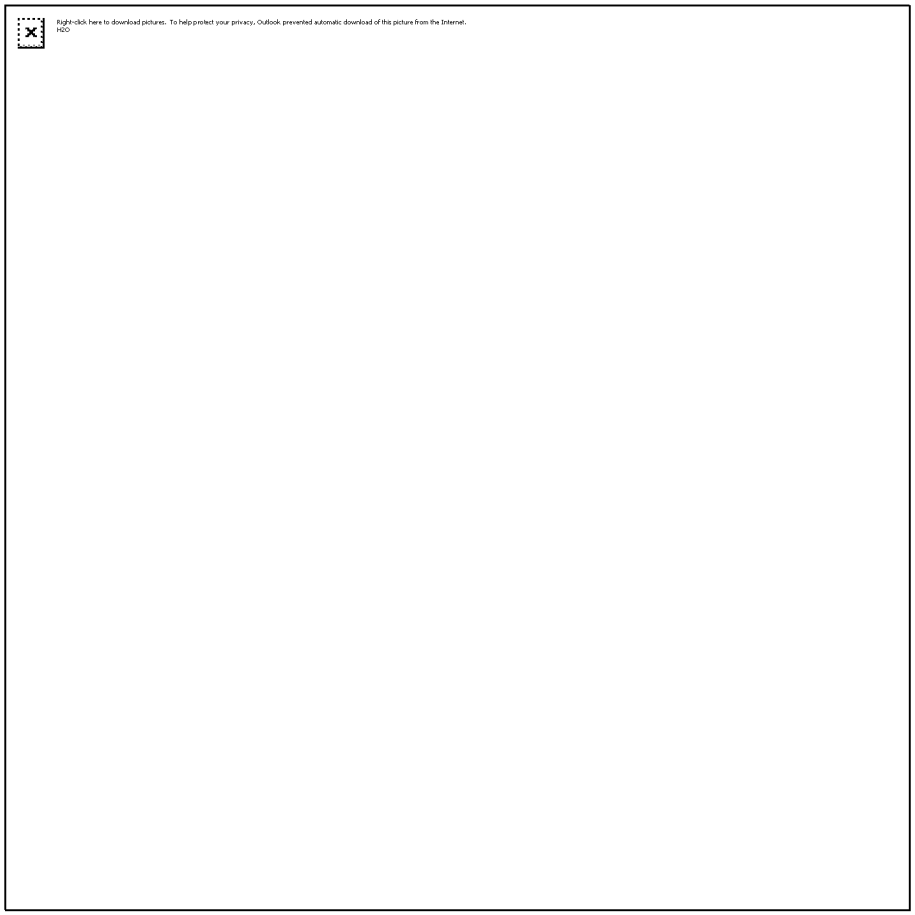
Sent: Tuesday, January 26, 2016 8:39 AM
To: Cooley, Tom (DTMB)
Subject: Contributing time, muscle and money



During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

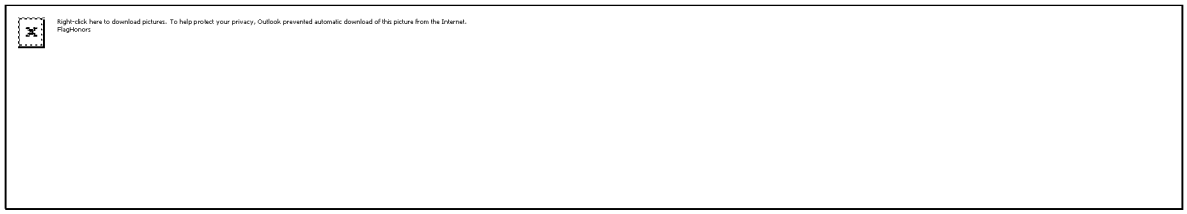
Subject: Thank you for your service



THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Governor Rick Snyder

Subject: RE: URGENT PRINT REQUEST CITY OF FLINT WATER

Hi, the only security stock we have available in that quantity would be our standard white letterhead stock with a watermark in it. We can send a stock sample to you if you want to see it. We have one of our comp people setting up the form and will send you samples as soon as we have something.

Tom

Subject: Flint Water Update
Importance: High

I am adding everyone from DHHS, DTMB, and DEQ who I understand is helping out with the Flint Water issue to this email so we can all be on the same page. Please forward this email to anyone you believe needs to be in the loop so we can get all-hands-on-deck.

Here is the latest:

1. We will move forward with the vouchers to be distributed at local county offices for DHHS clients only. DHHS Purchasing is going to reach out to DTMB to help us make copies of water marked, colored and other authentic detailed documents to get out to local offices as soon as possible. We will figure out costs and DTMB charges to DHHS later.
    a. Latest change : From a budget/accounting perspective, we will not receive $1 million from DEQ for this purpose. The $1 million from DEQ will be for item #2. Instead, for this purpose, funding will come from a work project that our budget office will advance to SBO. Our budget office is working on that now.

2. There is now a new thing we will do to address the broader population - NON-DHHS or DHHS clients - per the DHHS and DEQ front offices. DHHS will work with DTMB to get water filters to the Community Action Agency in Genesee county to distribute. This will be paid for with the $1 million DHHS will receive from DEQ.

This is the plan for now. Elizabeth -- Please confirm have this right.

Everyone is encouraged to ask questions. Sorry for including so many people but the left hand needs to know what the right hand is doing here.

Thanks

Importance: High

I am adding everyone from DHHS, DTMB, and DEQ who I understand is helping out with the Flint Water issue to this email so we can all be on the same page. Please forward this email to anyone you believe needs to be in the loop so we can get all-hands-on-deck.

Here is the latest:

1. We will move forward with the vouchers to be distributed at local county offices for DHHS clients only. DHHS Purchasing is going to reach out to DTMB to help us make copies of water marked, colored and other authentic detailed documents to get out to local offices as soon as possible. We will figure out costs and DTMB charges to DHHS later.
    a. Latest change : From a budget/accounting perspective, we will not receive $1 million from DEQ for this purpose. The $1 million from DEQ will be for item #2. Instead, for this purpose, funding will come from a work project that our budget office will advance to SBO. Our budget office is working on that now.

2. There is now a new thing we will do to address the broader population - NON-DHHS or DHHS clients - per the DHHS and DEQ front offices. DHHS will work with DTMB to get water filters to the Community Action Agency in Genesee county to distribute. This will be paid for with the $1 million DHHS will receive from DEQ.

This is the plan for now. Elizabeth – Please confirm have this right.

Everyone is encouraged to ask questions. Sorry for including so many people but the left hand needs to know what the right hand is doing here.

Thanks

Update

DTMB and DHHS Purchasing

1. It is now a **GO** on item #2 below - To get filters to the Genesee County Community Action Organization for distribution.

2. Question: What questions do we all need to answer to get filters to the Genesee County Community Action Agency and develop our plan AND what is the timeline for when we believe this can happen?

Subject: RE: Flint Water Update

Farah

Should the water filter specs be included in the voucher (NSF Certified, ANSI 53 compliant), to aid stores in providing compliant products?

Rebecca

Subject: Flint Water Update
Importance: High

I am adding everyone from DHHS, DTMB, and DEQ who I understand is helping out with the Flint Water issue to this email so we can all be on the same page. Please forward this email to anyone you believe needs to be in the loop so we can get all-hands-on-deck.

Here is the latest:

1. We will move forward with the vouchers to be distributed at local county offices for DHHS clients only. DHHS Purchasing is going to reach out to DTMB to help us make copies of water marked, colored and other authentic detailed documents to get out to local offices as soon as possible. We will figure out costs and DTMB charges to DHHS later.

a. Latest change : From a budget/accounting perspective, we will not receive $1 million from DEQ for this purpose. The $1 million from DEQ will be for item #2. Instead, for this purpose, funding will come from a work project that our budget office will advance to SBO. Our budget office is working on that now.

2. There is now a new thing we will do to address the broader population - NON-DHHS or DHHS clients - per the DHHS and DEQ front offices. DHHS will work with DTMB to get water filters to the Community Action Agency in Genesee county to distribute. This will be paid for with the $1 million DHHS will receive from DEQ.

This is the plan for now. Elizabeth – Please confirm have this right.

Everyone is encouraged to ask questions. Sorry for including so many people but the left hand needs to know what the right hand is doing here.

Thanks

Subject: Flint Water Update
Importance: High

I am adding everyone from DHHS, DTMB, and DEQ who I understand is helping out with the Flint Water issue to this email so we can all be on the same page. Please forward this email to anyone you believe needs to be in the loop so we can get all-hands-on-deck.

Here is the latest:

1. We will move forward with the vouchers to be distributed at local county offices for DHHS clients only. DHHS Purchasing is going to reach out to DTMB to help us make copies of water marked, colored and other authentic detailed documents to get out to local offices as soon as possible. We will figure out costs and DTMB charges to DHHS later.
    a. Latest change : From a budget/accounting perspective, we will not receive $1 million from DEQ for this purpose. The $1 million from DEQ will be for item #2. Instead, for this purpose, funding will come from a work project that our budget office will advance to SBO. Our budget office is working on that now.

2. There is now a new thing we will do to address the broader population - NON-DHHS or DHHS clients - per the DHHS and DEQ front offices. DHHS will work with DTMB to get water filters to the Community Action Agency in Genesee county to distribute. This will be paid for with the $1 million DHHS will receive from DEQ.

This is the plan for now. Elizabeth – Please confirm have this right.

Everyone is encouraged to ask questions. Sorry for including so many people but the left hand needs to know what the right hand is doing here.

Thanks

Voucher #: 00001

This Voucher is good for one (1) tap water faucet filter as specified below:

TAP WATER FAUCET FILTER MUST BE NATIONAL SANITATION FOUNDATION (NSF) CERTIFIED TO REMOVE LEAD AND MEET ANSI STANDARD 53.

Terry and I briefly spoke about this. Here are our concerns.

There is no place for a signature from anybody- nor the office stamp- one or both of those can legitimize these as an original. I'm also not understanding why the case number and caseworker name has to be on it. I'm concerned for client confidentiality. The local office will capture that information in the spreadsheet before the client receives the voucher.

As is these can very easily be duplicated.

I am adding everyone from DHHS, DTMB, and DEQ who I understand is helping out with the Flint Water issue to this email so we can all be on the same page. Please forward this email to anyone you believe needs to be in the loop so we can get all-hands-on-deck.

Here is the latest:

1. We will move forward with the vouchers to be distributed at local county offices for DHHS clients only. DHHS Purchasing is going to reach out to DTMB to help us make copies of water marked, colored and other authentic detailed documents to get out to local offices as soon as possible. We will figure out costs and DTMB charges to DHHS later.
    a. Latest change : From a budget/accounting perspective, we will not receive $1 million from DEQ for this purpose. The $1 million from DEQ will be for item #2. Instead, for this purpose, funding will come from a work project that our budget office will advance to SBO. Our budget office is working on that now.

2. There is now a new thing we will do to address the broader population - NON-DHHS or DHHS clients - per the DHHS and DEQ front offices. DHHS will work with DTMB to get water filters to the Community Action Agency in Genesee county to distribute. This will be paid for with the $1 million DHHS will receive from DEQ.

This is the plan for now. Elizabeth – Please confirm have this right.

Everyone is encouraged to ask questions. Sorry for including so many people but the left hand needs to know what the right hand is doing here.

Thanks

Yes! Sounds like Chris made this suggestion already to Tom and we're going to do that. Adding Tom to the conversation.

Tom / Chris or whomever is updating the voucher – Please send all what the latest looks like.

No vouchers will be printed yet until we get confirmation from the DHHS front office.

Farah

Should the water filter specs be included in the voucher (NSF Certified, ANSI 53 compliant), to aid stores in providing compliant products?

Importance: High

I am adding everyone from DHHS, DTMB, and DEQ who I understand is helping out with the Flint Water issue to this email so we can all be on the same page. Please forward this email to anyone you believe needs to be in the loop so we can get all-hands-on-deck.

Here is the latest:

1. We will move forward with the vouchers to be distributed at local county offices for DHHS clients only. DHHS Purchasing is going to reach out to DTMB to help us make copies of water

marked, colored and other authentic detailed documents to get out to local offices as soon as possible. We will figure out costs and DTMB charges to DHHS later.

   a. Latest change : From a budget/accounting perspective, we will not receive $1 million from DEQ for this purpose. The $1 million from DEQ will be for item #2. Instead, for this purpose, funding will come from a work project that our budget office will advance to SBO. Our budget office is working on that now.

2. There is now a new thing we will do to address the broader population - NON-DHHS or DHHS clients - per the DHHS and DEQ front offices. DHHS will work with DTMB to get water filters to the Community Action Agency in Genesee county to distribute. This will be paid for with the $1 million DHHS will receive from DEQ.

This is the plan for now. Elizabeth – Please confirm have this right.

Everyone is encouraged to ask questions. Sorry for including so many people but the left hand needs to know what the right hand is doing here.

Thanks

***This attachment was updated 2/18/16**

*See agenda below

Requested By:
DTMB Executive Staff

Location:
Ottawa Building
Upper Level – Conference Room 4
611 W. Ottawa Street
Lansing, MI 48933

Call-in: 866-390-1828
Access code: 1842654

Security:
Please have your State Employee ID showing at all times.

Parking:

Metered parking is available along Ottawa and Pine street.

Briefing:

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to produce, by a certain date, any documents containing certain search terms. In this meeting we will review instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Agenda

1) Kickoff – Brom Stibitz, Chief Deputy Director
2) Why you are here – Jean Ingersoll, Interim Chief of Staff
3) What you need to do (February 22, 2016 deadline) – Jean
4) What will be done for you – Jean
5) What's next – Jean
6) Public Information Reminder – Caleb Buhs, Public Information Officer
7) Questions and Answers - Group

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

February 18, 2016

TO: All DTMB Custodians of Correspondence Related to Flint

FROM: Jean Ingersoll, Interim Chief of Staff to David B. Behen, Director and CIO

SUBJECT: Flint Document Production – Search Terms and Guidance

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. **As a custodian, you are required to produce any documents containing the search terms listed below, no later than Monday, February 22, 2016.** This memorandum contains detailed instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Microsoft 365 – Outlook (*includes emails, calendar items) and OneDrive*

DTMB staff will centrally coordinate the Microsoft 365 search for all of DTMB's custodians. Therefore, DTMB's custodians *do not need to independently search any of their Microsoft 365 applications* for the search terms listed below.

Network Drives

Similar to the approach outlined above, DTMB staff will centrally coordinate the network drive search effort for all DTMB custodians. Custodians do *not* need to independently conduct a network drive search for the search terms below.

Non-Network Drives – *includes hard drives, desktop, and thumb/flash drives*

For all non-network drive types, ***each custodian will need to search every search term listed below in every non-network format, and move all relevant/related documents in to a network drive for collection. In order to move items to the network, you must be connected to the network.***

Start by conducting the search of all non-network drives, filling out the attached search term checklist as you go. If you need guidance as to how to perform this search, a step-by-step guide is included below in Appendix 1.

All relevant/responsive items that are produced as a result of your search need to be moved to a network drive. You can move your relevant/related documents to a network drive in whatever format the document is currently in. After the February 22, 2016, deadline, DTMB staff will access the network drives to collect the files.

Paper Files

Review all applicable paper files. Scan any relevant/related documents, and save them to a network drive, as described above. If this is not possible, you may provide hard copies of documents to Jean Ingersoll in the Director's Office. These documents must be received in the Director's Office by February 22, 2016, and will not be returned to you.

Home Computer

Any relevant e-mails or other documents on a personal computer also are subject to this request. Please check your personal computer for any e-mails or other documents relating to this search. If you discover any relevant/related documents, please include the phrase "personal computer" in the file name, and save them to the aforementioned network drive.

Conclusion

Thank you for your cooperation in complying with this request. Should you have any questions, please contact Jean Ingersoll at 1-8844.

- Attachment 1 – Search Guidance

Search Term Checklist

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to search and copy all items that you identify to a DTMB network drive, as described above.

Please complete your search no later than close of business on Monday, February 22, 2016. Relevant/related items from the past 10 years should be included.

You should search for *each term exactly as it is shown below, and include quotation marks around each separate word.* For example, "Legionnaire", "Legionella", or "Flint" would all go into search fields. After you complete a search term, check the box beside the term.

Search Terms:

- ☐ "Legionnaire"
- ☐ "Legionella"
- ☐ "boil water order" & "Flint"
- ☐ "coli" & "Flint"
- ☐ "bacteria" & "Flint"
- ☐ "microb" & "Flint"
- ☐ "TTHM" & "Flint"
- ☐ "Lead" & "Flint"
- ☐ "emergency" & "Flint"
- ☐ "Karegnondi"
- ☐ "Genesee County Health Department"
- ☐ "Flint" & "utilities"
- ☐ "Lead and Copper Rule"
- ☐ "Detroit Water and Sewerage Department" & "Flint"
- ☐ "DWSD" & "Flint"
- ☐ "Flint River"
- ☐ "Pb" & "water"
- ☐ "KWA"
- ☐ "Flint" & "water"

Search conducted on the email account of: _____

By (your name): _____

Date completed: _____

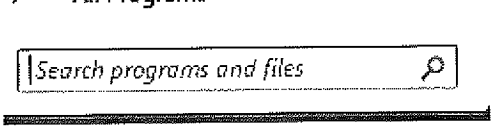
Please return this completed Checklist to DTMB Director's Office staff by Monday, February 22, 2016, at DTMB@michigan.gov, or Directors Office, Cass Building, Second Floor

APPENDIX 1 – Search Guidance

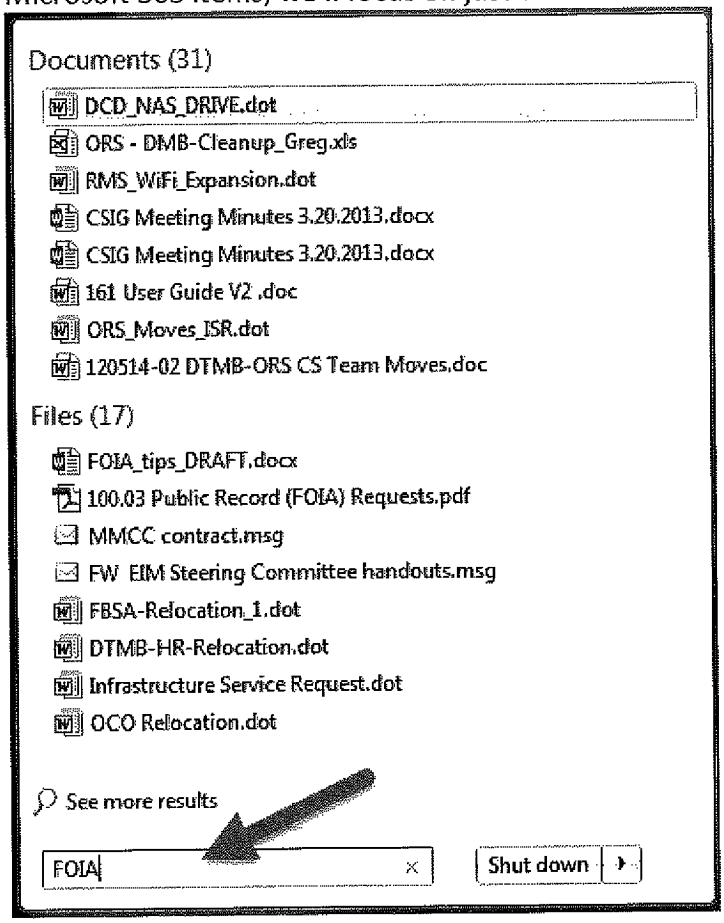
Regardless of what version of Windows you're using, each of them has a search feature built in called "Windows Explorer," you see it every time you open up a folder on a network drive, or on your own computer.

Using the search function in windows 7

Since the majority of DTMB is on Windows 7, the examples below are on that operating system. If you click on windows Start button, you'll see the search box right next to it

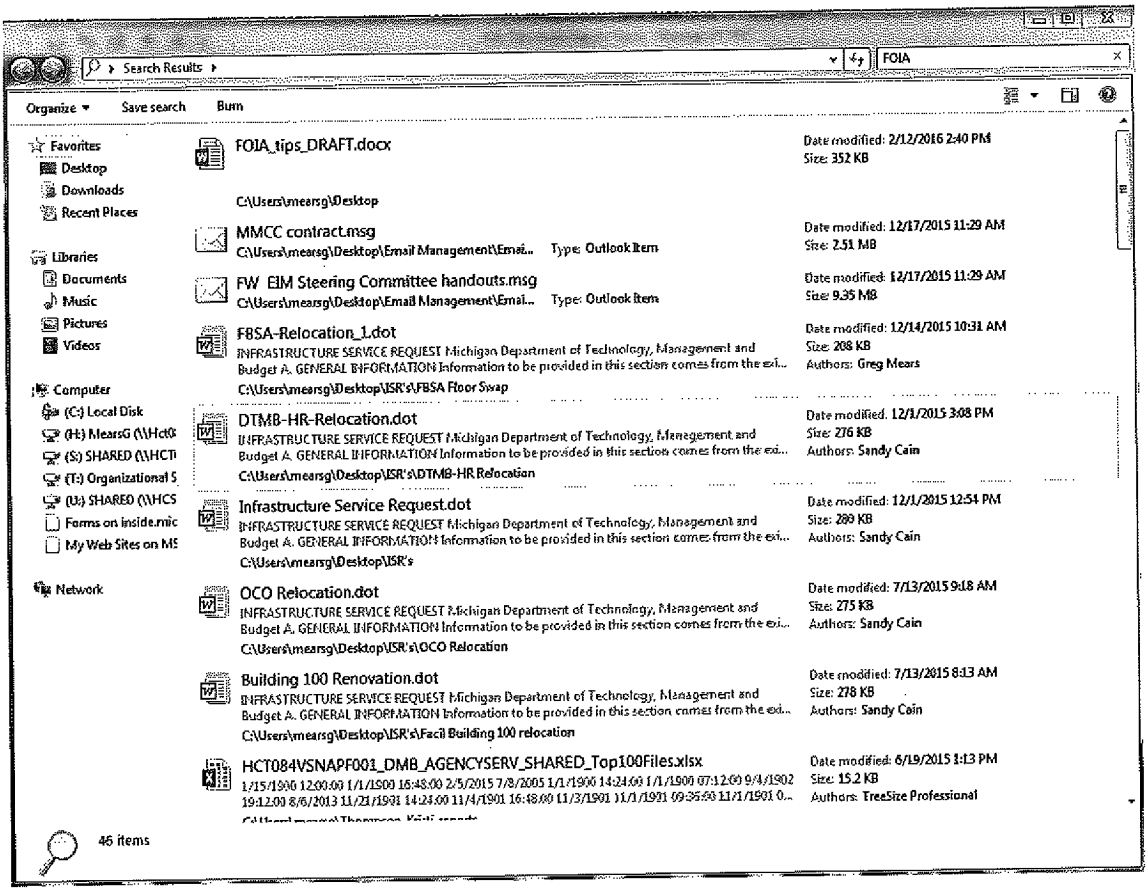


This example searches for the word FOIA. As you can see, the search yielded numerous documents including emails. Since DTMB is centrally collecting relevant emails and other Microsoft 365 items, we'll focus on just the documents.



You need to open each document to make sure that it's relevant. In this instance, the search brought up a DTMB Move form, but only because it has the word FOIA in the form.
You'll notice that the words "See more results" appears at the bottom of the list. This means that the search turned up a lot more documents than what can easily be displayed. You must

click on the link to open Windows Explorer and reveal a comprehensive list, along with their locations.



As you can see from this example the search found 46 items. We can now select them all using the "Ctrl-A method", and copy them to a network drive.

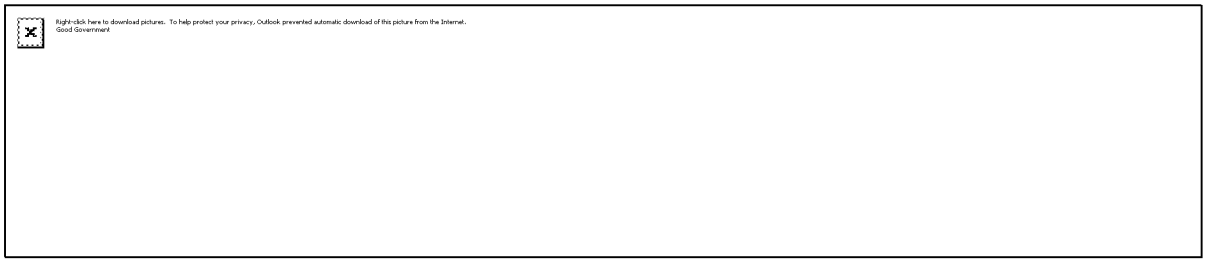
Subject: Flint Volunteer Efforts



Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

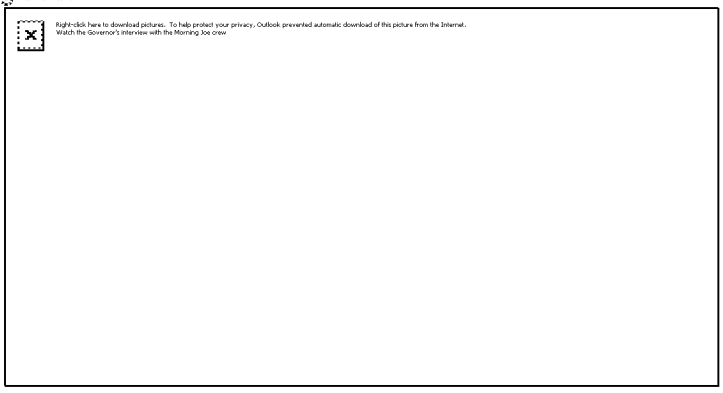
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

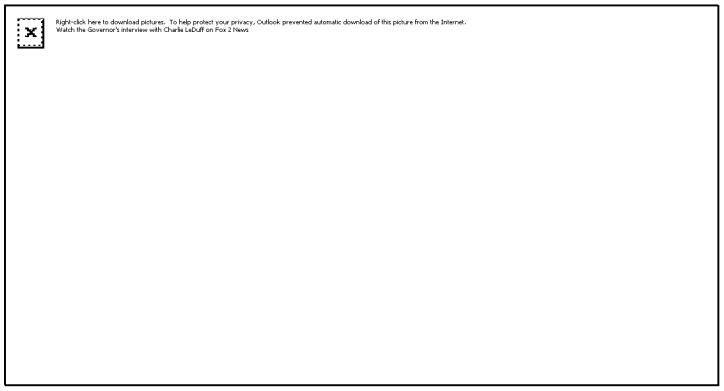
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

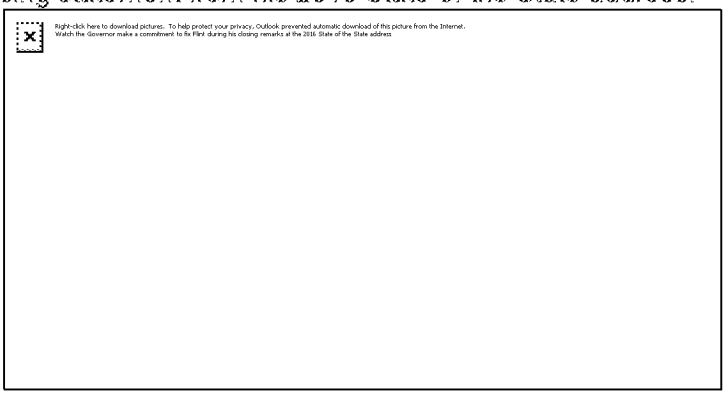
"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm came from people who worked for me, and I feel responsible for that. But I am committed

to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

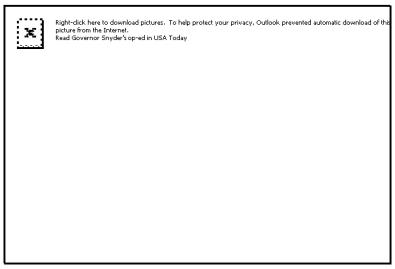


Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.



Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

Subject: Thank you for your service

THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Governor Rick Snyder

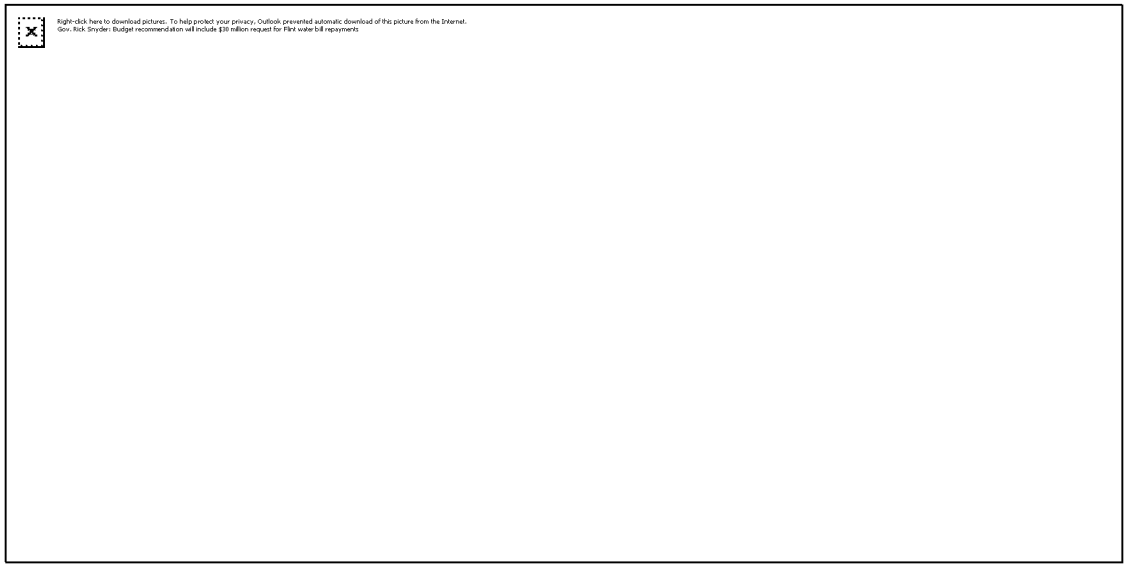
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.

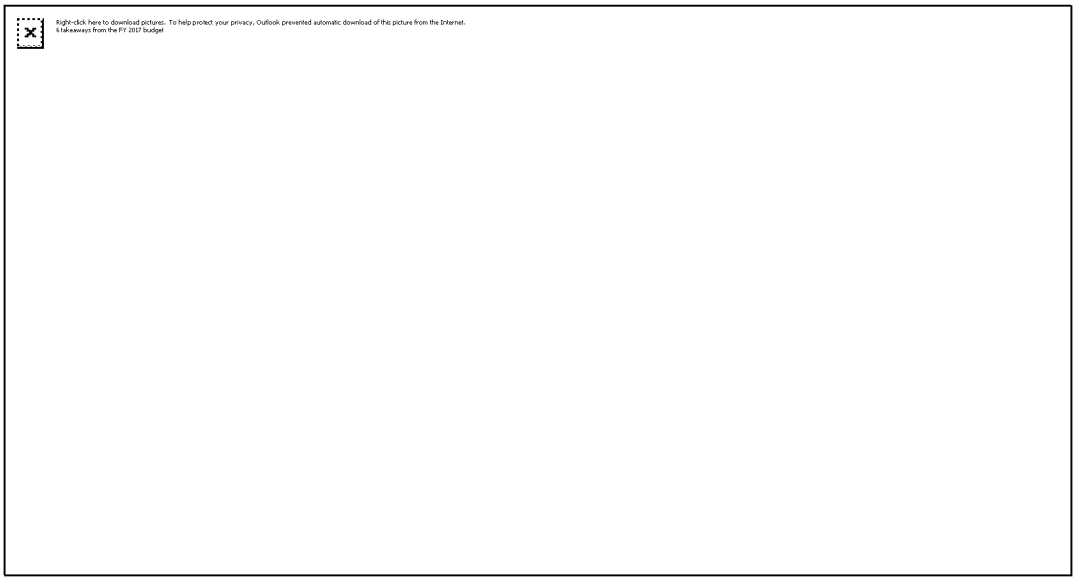
VIDEO: What Governor Snyder's FY17 budget means for Michigan



Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of Michigan's families. Click here to learn more about the top 6 takeaways from the

Governor's FY 2017 state budget.

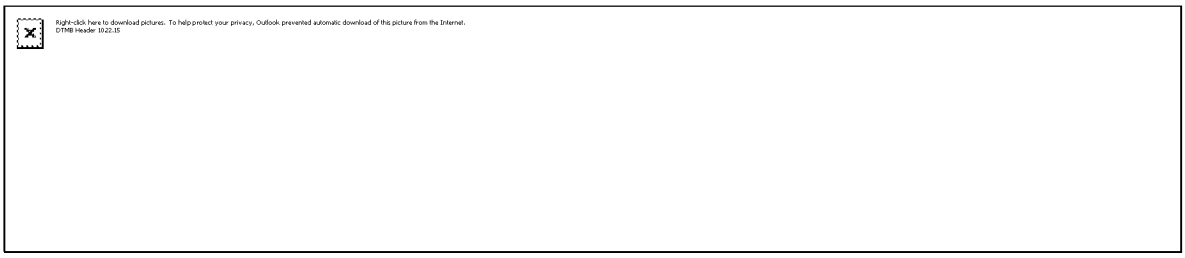
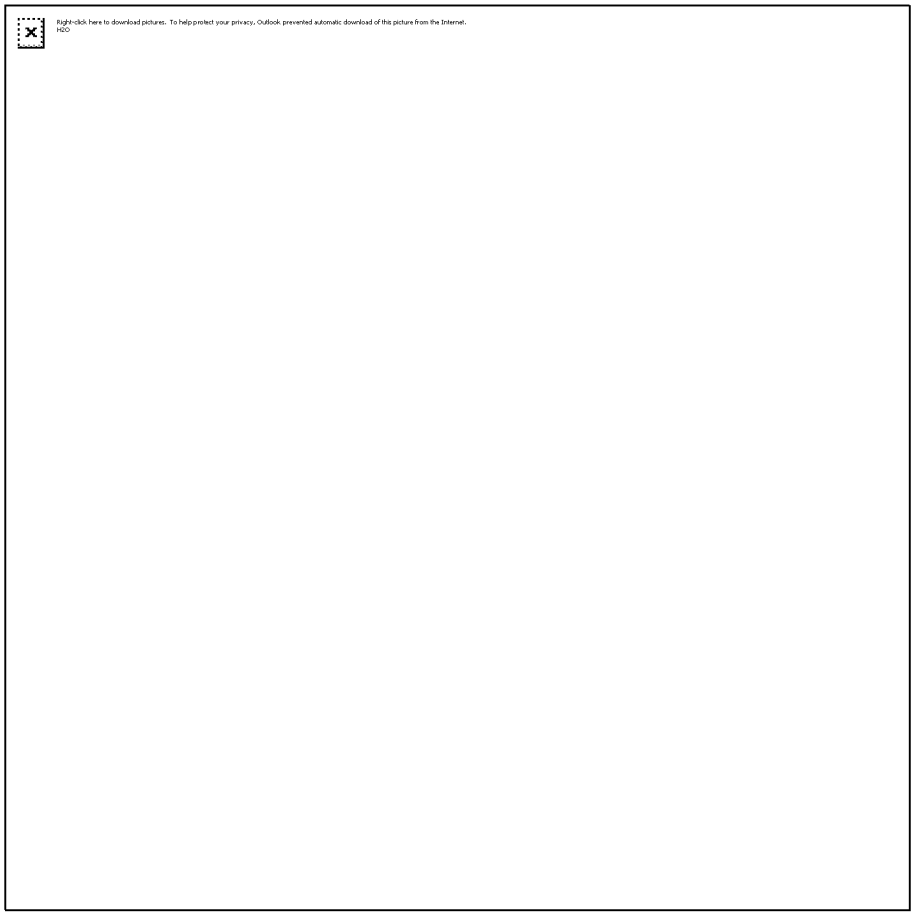
Subject: Contributing time, muscle and money



During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

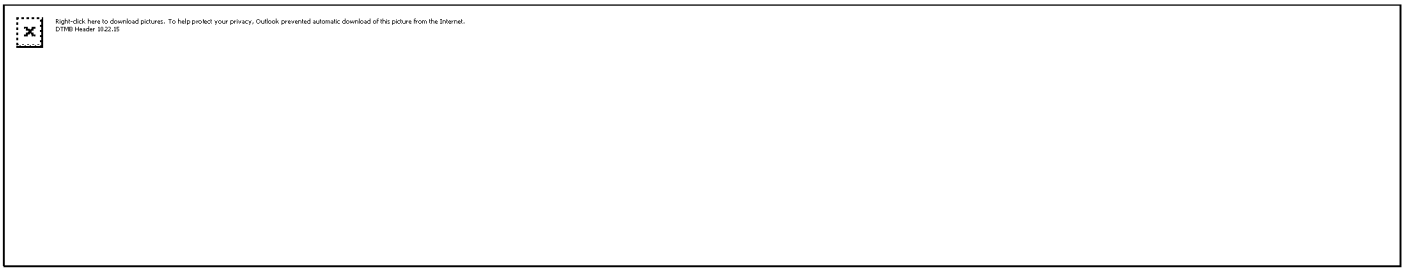
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for

14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.

- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

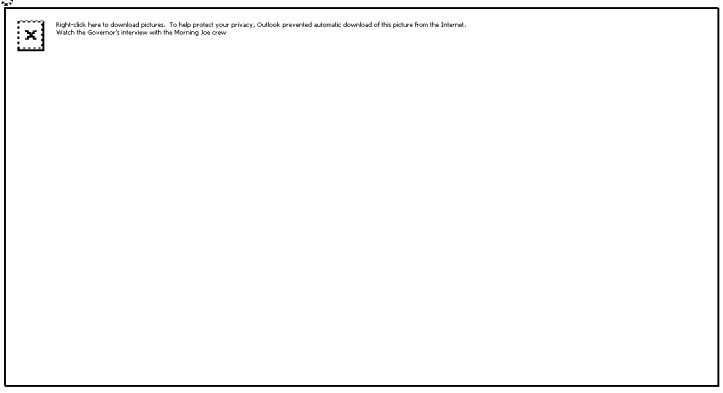
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

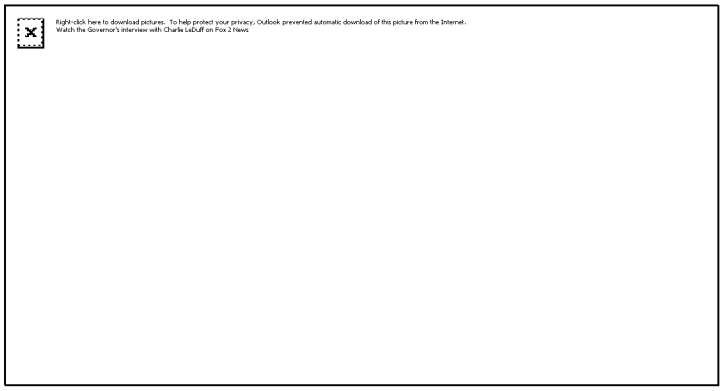
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

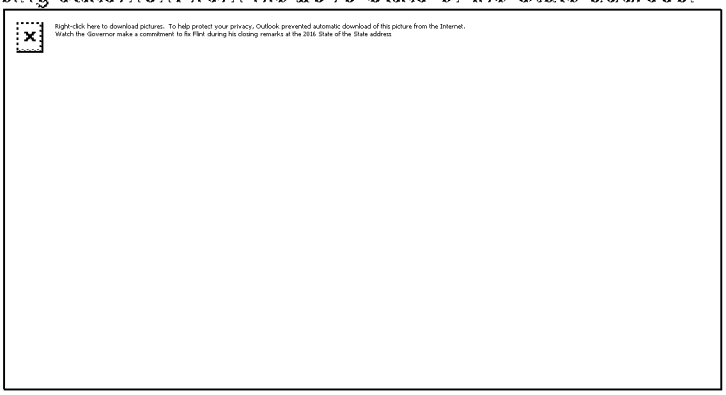
"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm came from people who worked for me, and I feel responsible for that. But I am committed

to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

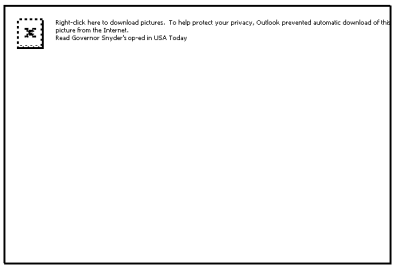


Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.



Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

Subject: Flint Volunteer Efforts

Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

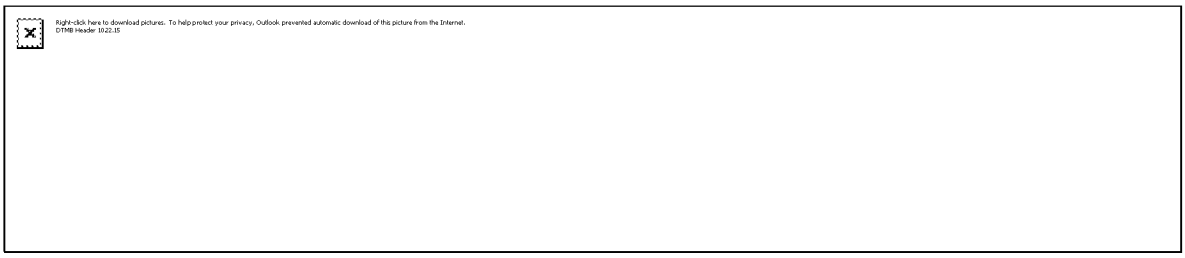
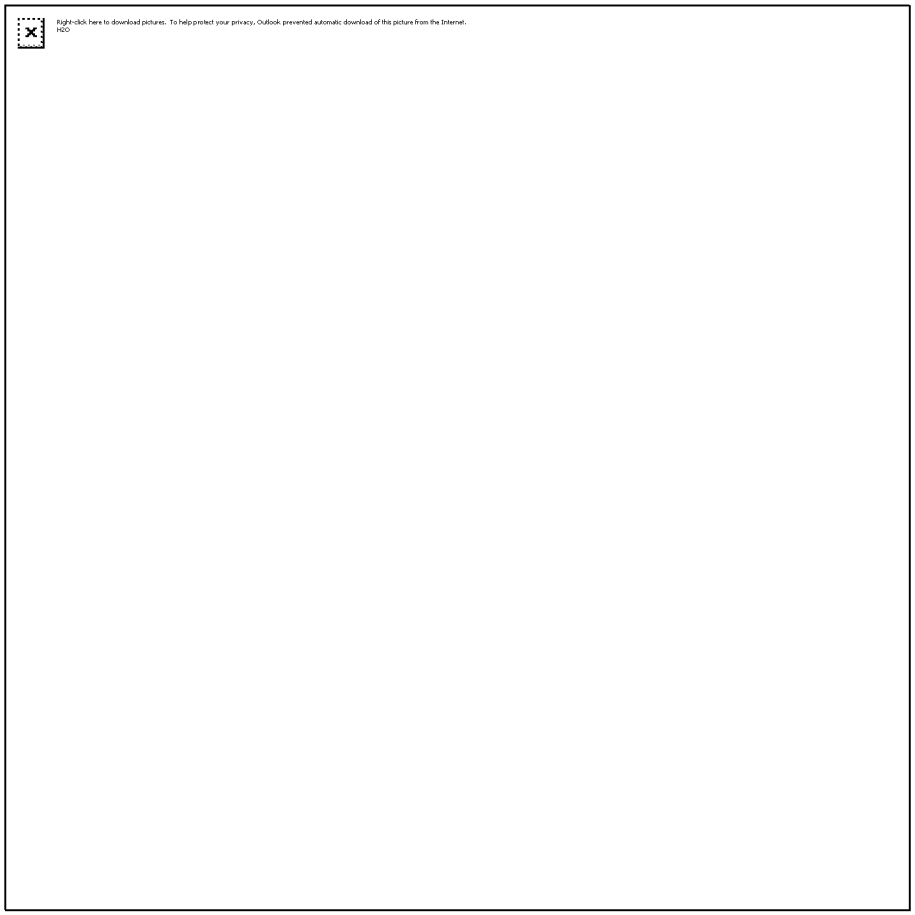
Subject: Contributing time, muscle and money



During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

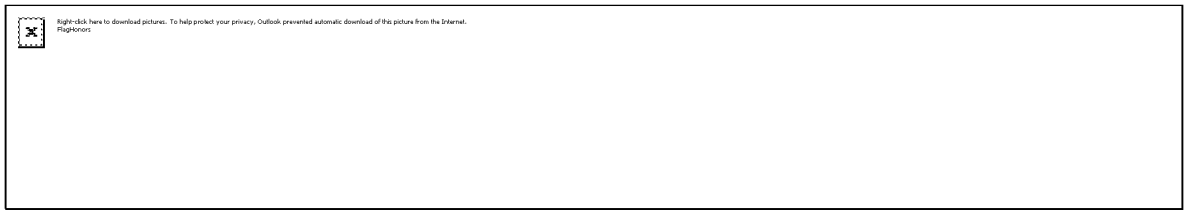
Subject: Thank you for your service



THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Governor Rick Snyder

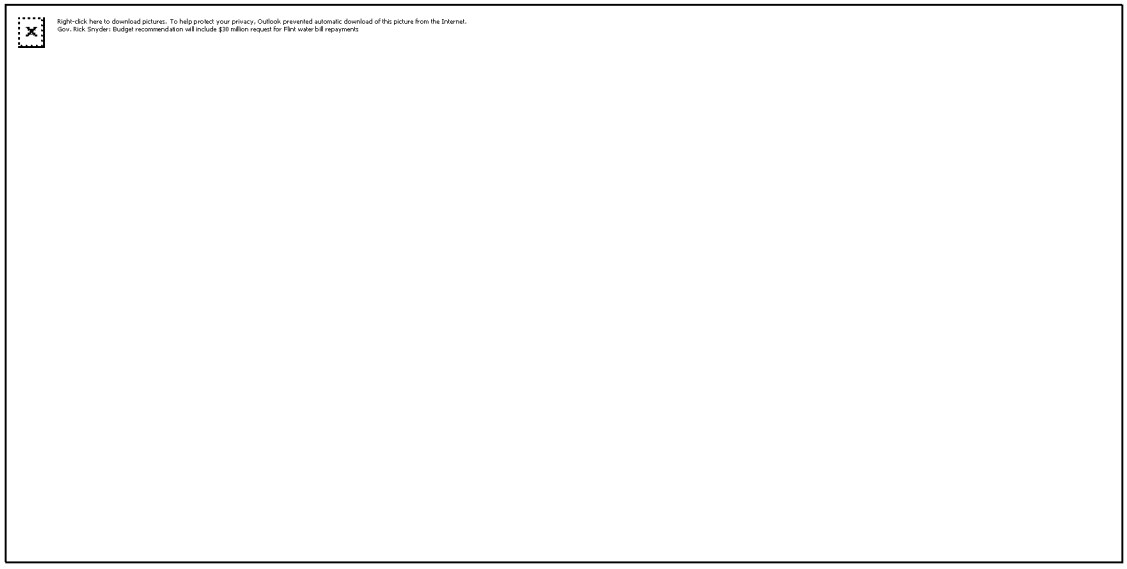
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.

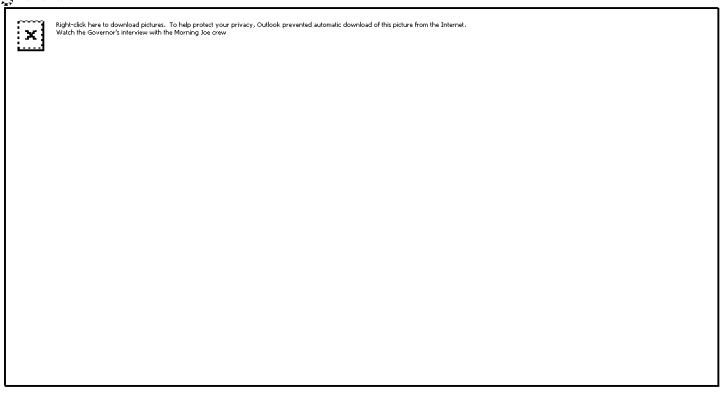
Subject: "He's his own best spokesman"

How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

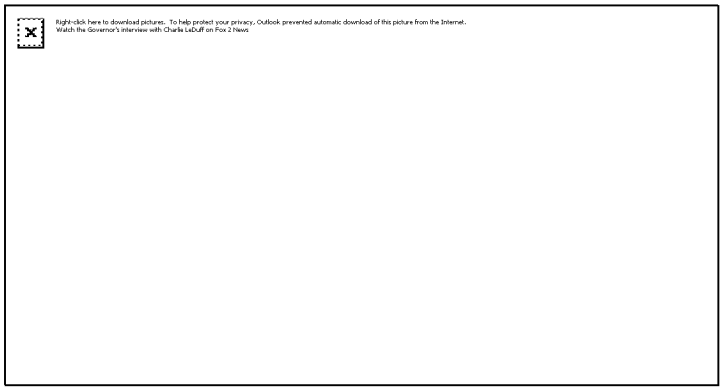
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

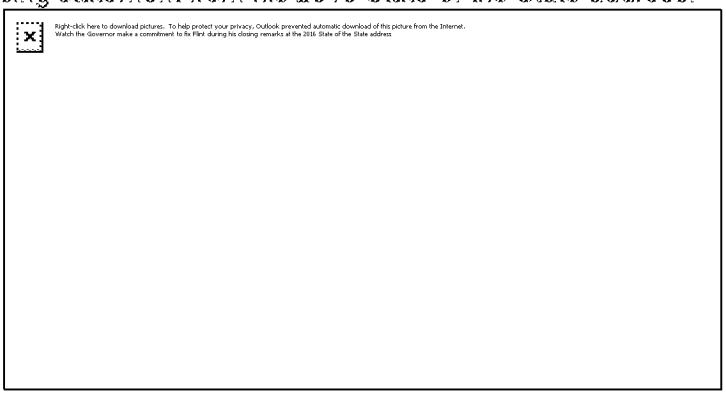
"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm came from people who worked for me, and I feel responsible for that. But I am committed

to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

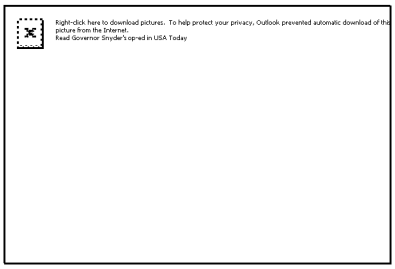


Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.



Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

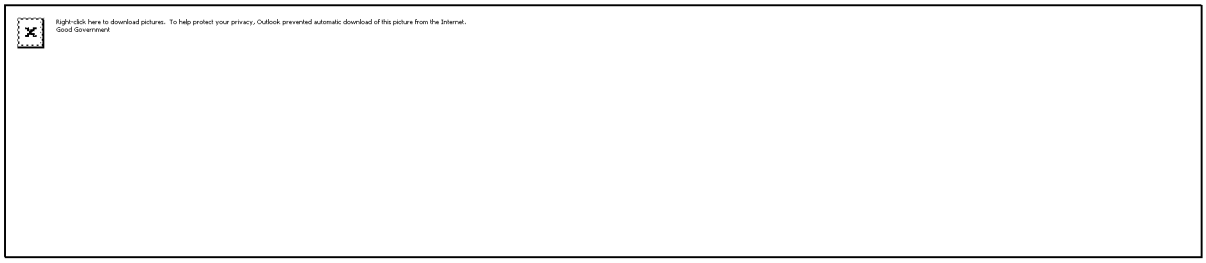
From: State of Michigan <MISOM@govsubscriptions.michigan.gov>
Sent: Friday, January 22, 2016 4:31 PM
To: Fick, James (DTMB)
Subject: Flint Volunteer Efforts



Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

This e-mail was sent to fickj@michigan.gov using GovDelivery on behalf of: the State of Michigan, 111 S. Capitol Ave., Lansing, MI. *You are receiving this message because you are a State of Michigan employee.*
